THE CLASS OF 1980

At the beginning of the school year the Senior class was asked to fill out an extensive questionnaire. The survey covered a wide range of topics and the answers reflected many viewpoints. Here then are some of the more colorful comments and fun facts from the Class of 1980.

Clothes and Appearance

The Class of 1980 is looking good!

On the subject of clothes and appearance it seems that almost 100% of the girls responding selected their own clothes. They dressed to please themselves and not just to fit in with the crowd. **Michelle Rouchon** in a burst of honesty said, "Both not so much to fit in, but to impress to tell the truth." The guys, likewise, dressed to please themselves, but it seems "mom" helped out much more in the selection of clothes. **Dave Bellizzi** seems to have the situation under control as Goodwill selects his clothes for him.

We asked for a brief physical description of yourself. . . **Jeff Johnson**-"Built O.K., but out of shape." **Lisa Genise**-"36-24-36." **Ken Wiseman**-"So! So!" **Julie Mac Allister**-"At the norm." **Kevin Parker**-"Stud! No, just kidding." **Jeanette Freer**-"Large body, small head, that turns different colors with the seasons." **Gary Stillens**-"What's in a description, I'm every woman's dream." **Sandy Oiler**-"Dumpy." **Mark Bullis**-"I'm in good enough running condition so that I can outrun any police officer." **Carol Gross**-"I don't think I'm real pretty, but I don't think I'm real ugly either." **Todd Beardsley**-"Pumped."

Future Fashions

Terri St. Claire (right) shows us the future, plastic look.

The Beach Bums-**Dianna Pinch**, **Cindy Mattern**, **Keith Adamo**, **Junior Mark Kocina**, **Terri Miller** and **Kari Paul** dressed and ready for a ride to the beach.

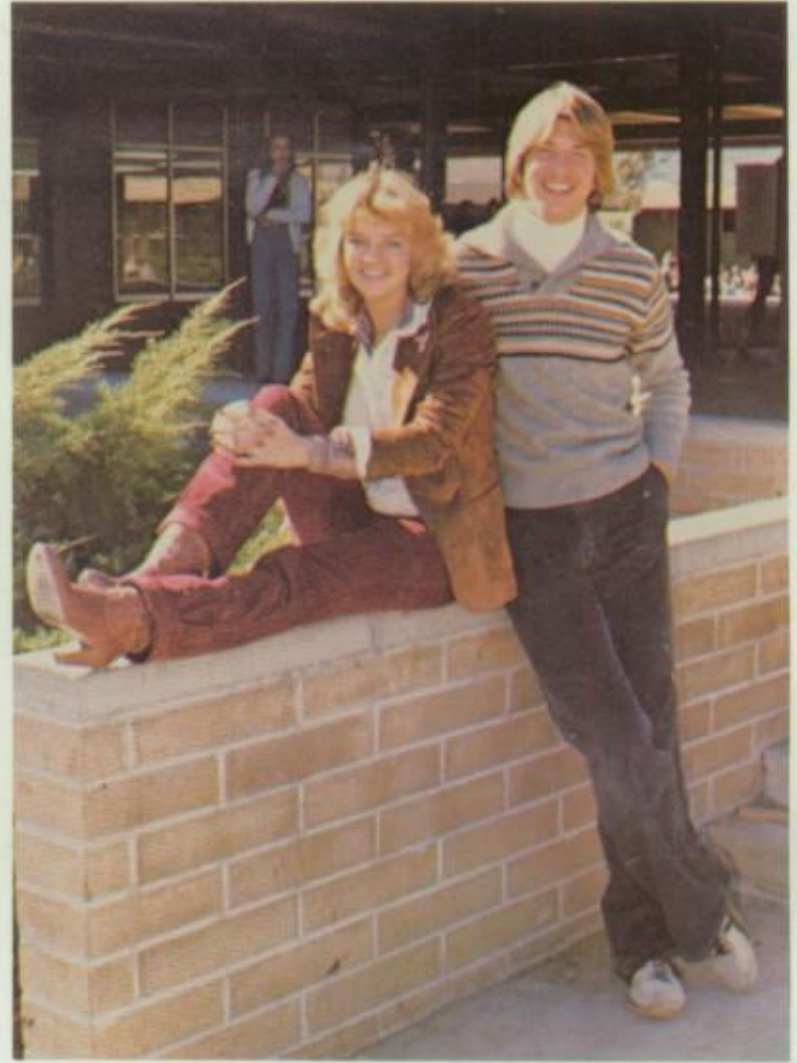

Stepped out in style-**Jennifer Caldwell**, **Suzette De Voss**, **Sue Sartor**, **Laura Schneider** and **Carrie Ciappa** are all dressed up and looking Vogue.

Leland Loves Levi's Did you know that the class of 1980 owns 1,629 pairs?

First Kiss

Many funny answers appeared on the survey in connection with the first kiss question. In Rick Wilmer's fantasy he was kissed by Raquel Welch in Hollywood. Closer to home and in church even was Lindi Schmidt and Wayne Peterson's first kiss. Pat Kelso kissed Kendall Young out behind a chicken coup, and Leighann Harwood and Jack Kampton were "in the bushes" when they first kissed. Donna Owens' first kiss occurred in a closet with Steve Vaughn. What was Marie Bello doing up on the roof when Pat Green first kissed her. Lori Darriano and Mike Much first kissed on Lori's Driveway. However, Jennifer Caldwell got her kiss from Mike, too.

The Biggest Flirts in the Senior Class

Wayne Bascle and Michelle Rouchon were voted the biggest flirts by their classmates. Both Wayne and Michelle deny being flirts, but we know better. "I only have eyes for you and you and you and you..."

The "are you going steady" question found only a third of the Senior class currently dating the same person. The Average time being one year and a month. Renee Wilkerson has been going steady for three years. A hundred kids said that they had never gone steady, while a larger percentage made up for them by going steady at least five or more times. Love and going steady is very confusing. Gary Snell, Tina Clements, Don Lenkiewicz, and Ken Jenson all said they were going steady. When asked to count back and tell us how many times they said, "never". Pictured here: Kevin and Suzzette, Rick and Renee, Cole and Kerry in Senior steady bliss.

What are friends for...?

Are you willing to give your best friend the answers to the chemistry test? Would you rework your schedule to have all your classes with your best friend? Are you able to smile and eat a pizza, even though you are stuffed, because your best friend begged you to come along? Would you shave your head because your friends were doing it? Rick Wilmer, John Ornelas, Kevin Parker, Jim Nolan and Scott Francis did. That is what "skin heads," oh, we mean friends are really for!

The Friendliest

Janell Pepping and Paul Gowan are two of the friendliest young people you would ever get a smile and a hello from.

Three Friends Are We

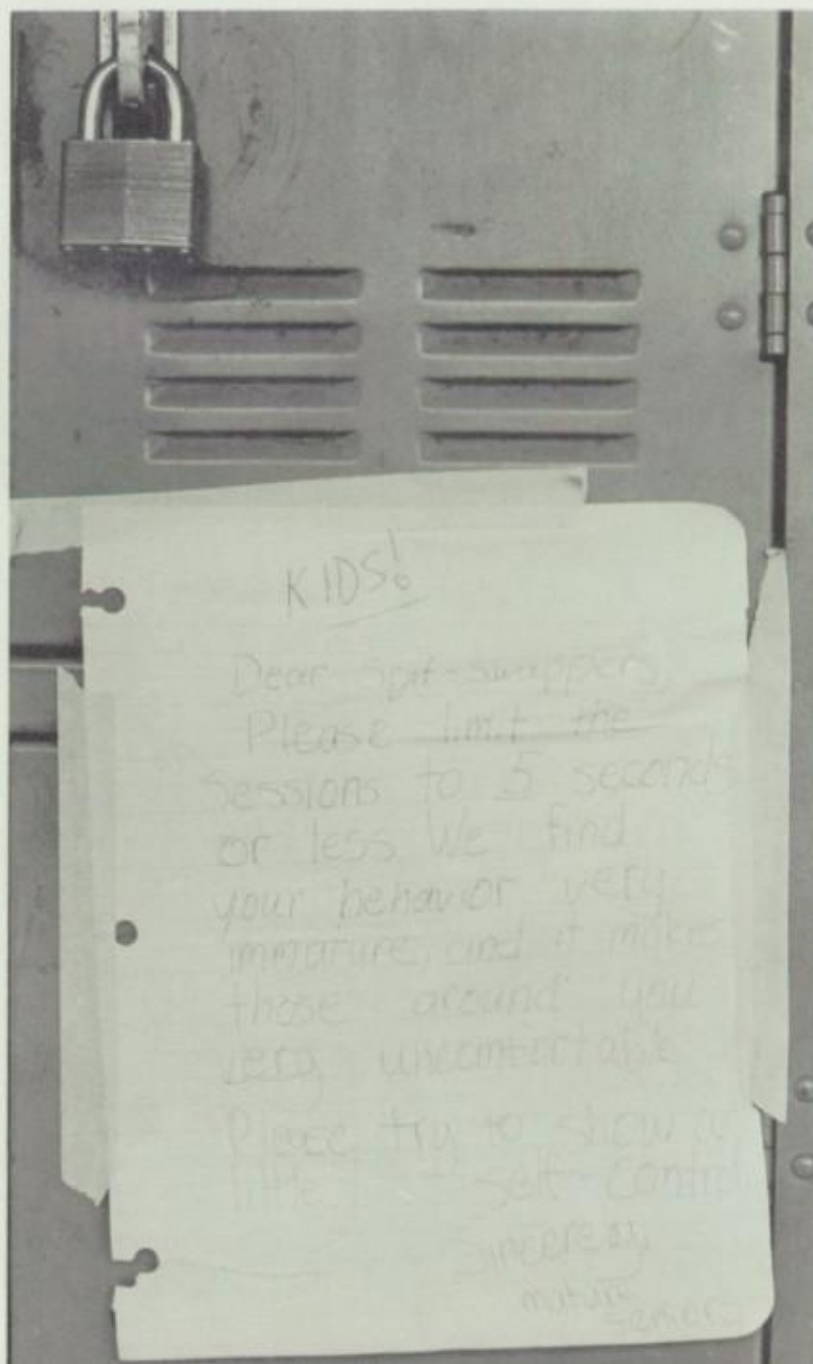

Denise Green, Anna Birtola, and Tracy Hardin are the very best of friends. They have all their classes together this year. "It wasn't very difficult," they said. If you see one then you will probably see them all.

SHOW SOME SELF CONTROL!

This note taped to a locker and signed by some "mature Seniors" says it all.

KIDS!

Dear Spit-Swappers,
Please limit the
sessions to 5 seconds
or less. We find
your behavior very
immature, and it makes
those around you
very uncomfortable.

Please try to show us
the self-control.

Sincerely,
mature
seniors

Fast Food and Fads

Another section of the Senior questionnaire dealt with fast foods and other foods. Questions were asked concerning things such as favorite food places, smoking or drinking, participating in using slang expressions. Expressions such as, "Bummer dood," "Let's jam," "No biggy," "This is the pits," "Gimme a break," "Go for it," "Busted," are the expressions most often heard on campus.

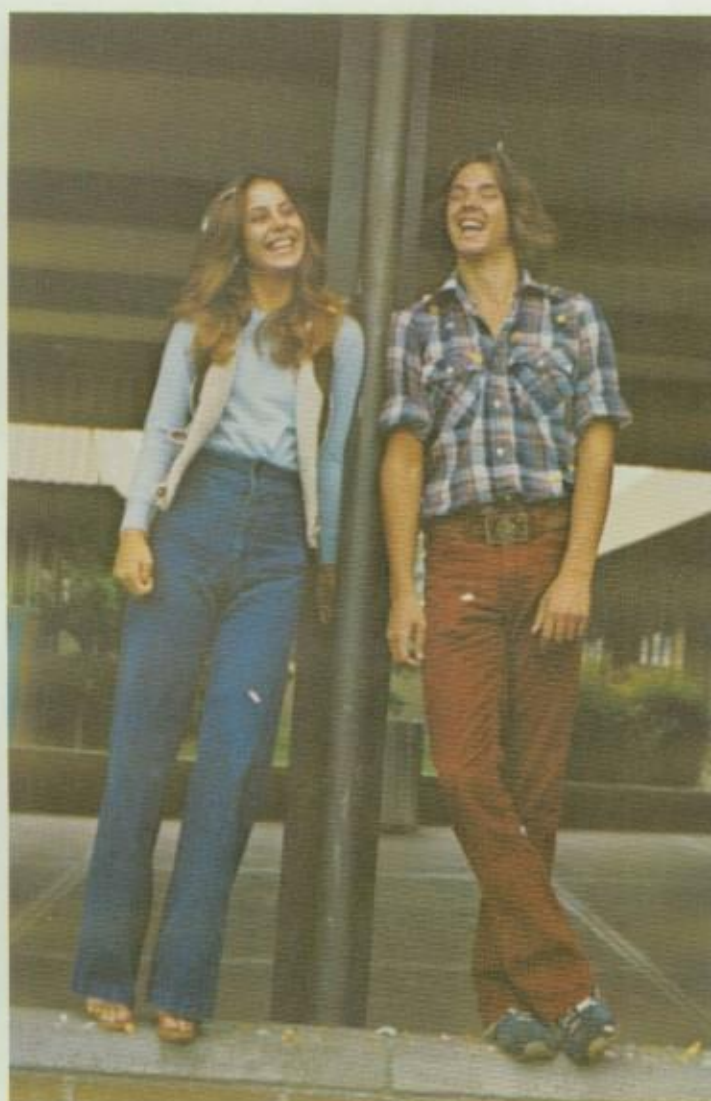

Other Questions asked for this part of the survey were "Do you smoke? How much?" "Has liquor ever touched your lips?" "Should the drinking age be lowered?" Ninety percent of the seniors surveyed DO NOT smoke. Whether or not the drinking age should be lowered had 54 percent of the seniors saying yes and 46 percent saying no. Eighty eight percent of the Seniors admitted that liquor had touched their lips and 12 percent said it never had. "Do you go cruising? if so where?" was one of the last questions asked in the survey about fast foods and fads. Forty five percent of the seniors surveyed do go cruising and 55 percent do not. Some of the popular places to go are Los Gatos, New Almaden, up and down Camden, and around 7-11.

With all the comments like, "The food tastes like cardboard!", "How strong is your stomach?", and "They call it food?", who would think students would be standing in long lines to buy food.

Biggest
Partiers!

Mimi Anderson and
Jay Reese

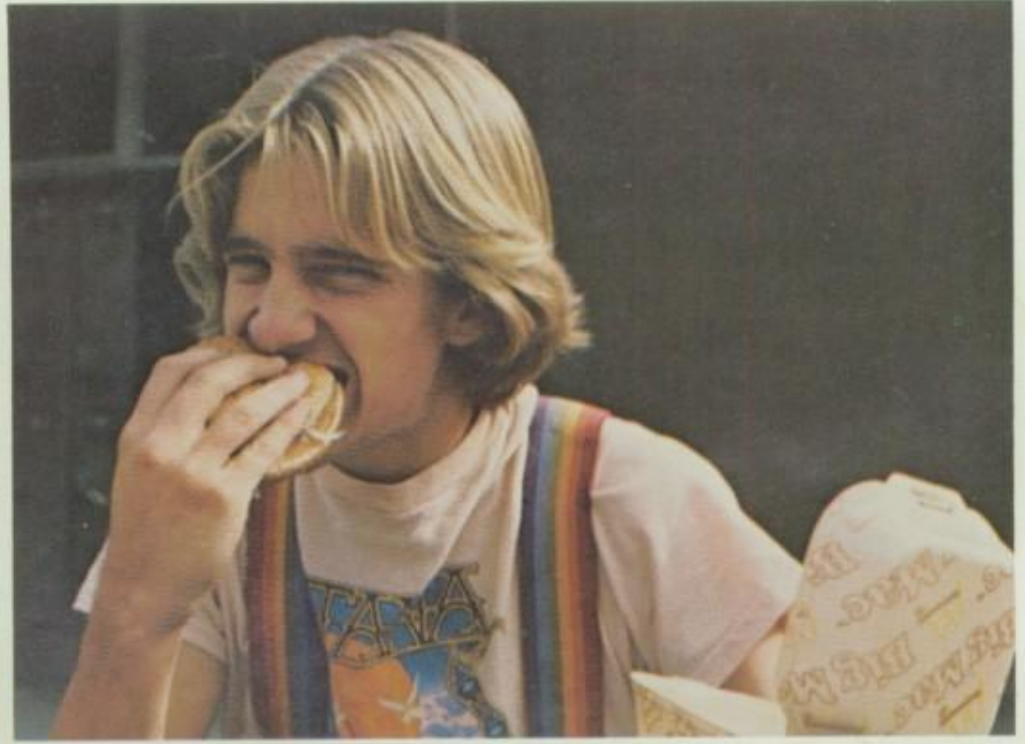

Busted ...after every party don't forget to clean up your confetti!!!!

Amy Odens Owns...

When the question was asked, "As far as fads are concerned, do you have or did you own any of the following?" Senior Amy Odens has it all: roller skates, skateboard, ten speed bike, a frisbee, Addidas tennies, tennis racquet, a calculator, digital watch, a waterbed, overalls, jogging outfit, a pair of cut offs, an electronic game, a backpack, and a six pack of Perrier water. Amy had it all, but there were several people close behind her: Dave Belizzi, Marie Bello, Jennifer Caldwell, Bryan Curry, Mark Regoli, Doug Seandel. These people were short only one item.

Fast Food Freaks

Do these pictures look familiar? They should! Not only should you recognize these seniors but you should also notice what they're eating. Mark Bullis, in the upper right, is eating his favorite, a Burger King Whopper; Frank "Alfonso" Novicki, upper left, is munching out on his favorite, a McDonald's Big Mac; one of Leland's favorite couples, Kathy McAfee and Gary Snell are enjoying a Round Table cheese pizza. These fast food places were the most popular with the senior class. Taco Villa, Togos and Jack-in-the-Box were also highly favored. Which one is your favorite?

"My parents are on my case because my grades have fallen off since I got this job," laments **Joe Senior**. "They just don't understand simple logic. If I don't have a job I don't have a car, and if I don't have a car I don't have a personality!"

Work. Eighty three percent of the Class of '80 does it, either out of necessity or want, or both. Whichever, seniors are working often, getting paid very little, and doing it for that miniscule paycheck, first and foremost. The percentage of seniors who feel their current job is helping them towards a career goal is very small.

Approximately one third of the senior class is working full time. Fortunately, for these people, the school schedule is much easier to work with, pardon the pun, because it is or can be as much as three hours shorter. One person even admitted working full time at McDonald's! Oh the horror!

Places of employment for the students are as varied and interesting as Tibetan yaks. Restaurants account for the employment of 25 percent of the working seniors, clothes and department stores 30 percent, supermarkets, liquor stores, etc. 15 percent, theatres and attractions such as Marriott's Great America and Frontier Village eight percent, gas stations and garages seven percent, and other jobs which ranged from baby-sitting to computer engineering make up the final 15 percent.

Most seniors enjoy their work and like their bosses as well. Among the comments that weren't favorable of bosses though were; yuk, sarcastic, perverted, bunk, bossy, tight, jerk, space case #1, idiot, mindless, and incompetent. **Walt Spiegel** nobly stated that his boss at a local furniture store is a "nice, intelligent person." No, Walt is not on drugs.

Seventy percent of the seniors polled felt that their high school education was more important than their employment. About ten percent felt that one didn't outweigh the other in importance.

Only one person polled ever had a truly outrageous occupation. How many of us really knew that **Jim Middaugh** was once a hitman in the Lithuanian Army?!

Eric Hanlon handles the "hotline" at Montgomery Wards.

Jeanette Freer makes big bucks at Bob's Big Boy.

Sue Sartor handles a pressure filled situation.

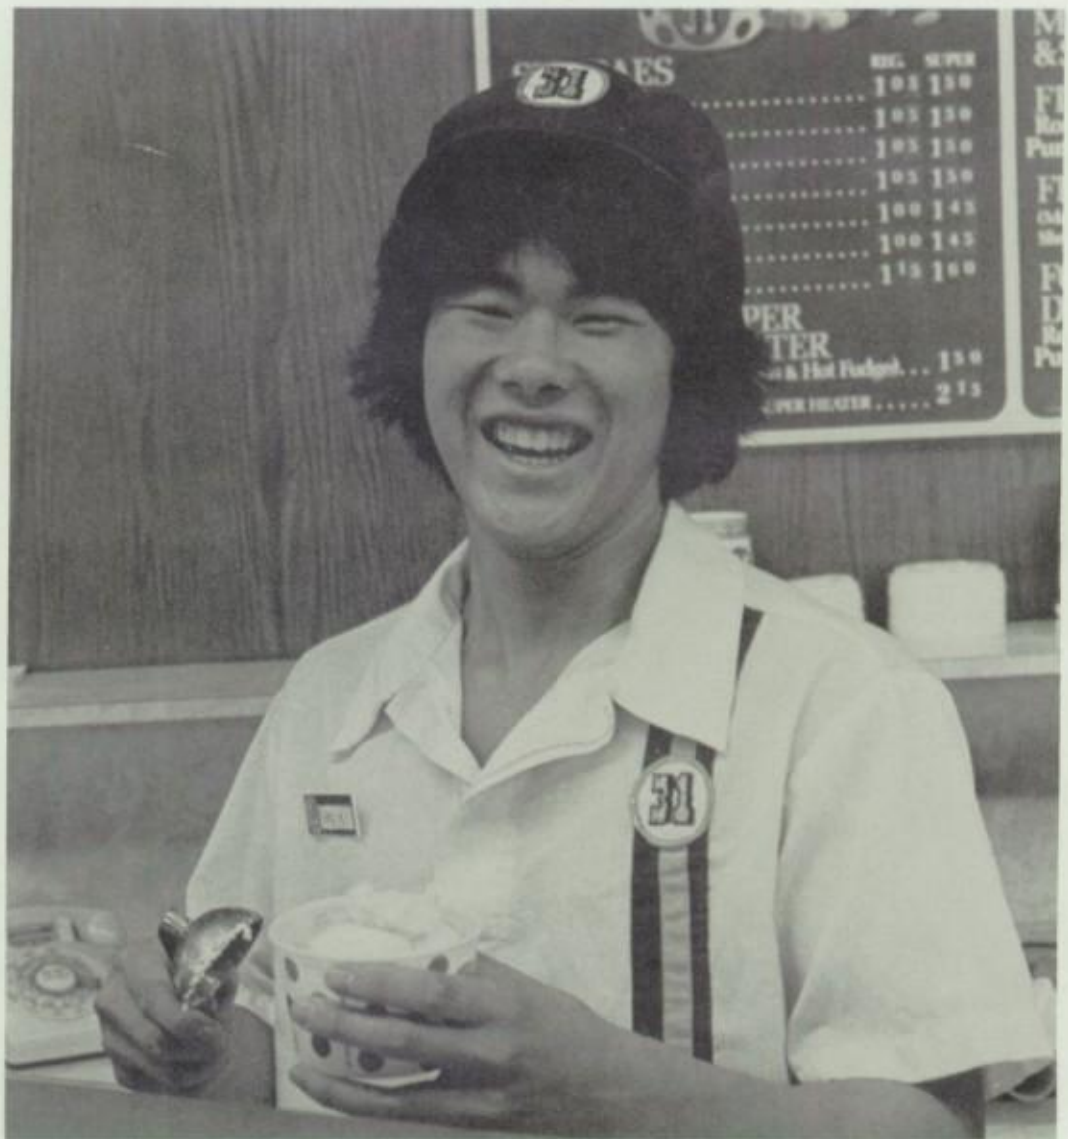

Kris McCabe is a Woodstock child.

"Now let me see, $2 + 2 = 4$...I think?"

"Eat it!" says Gary Kanizawa.

The Class of 1980 and the beat goes on. . .

The seniors voted for the following music makers in our Senior Survey. . .

Favorite Group

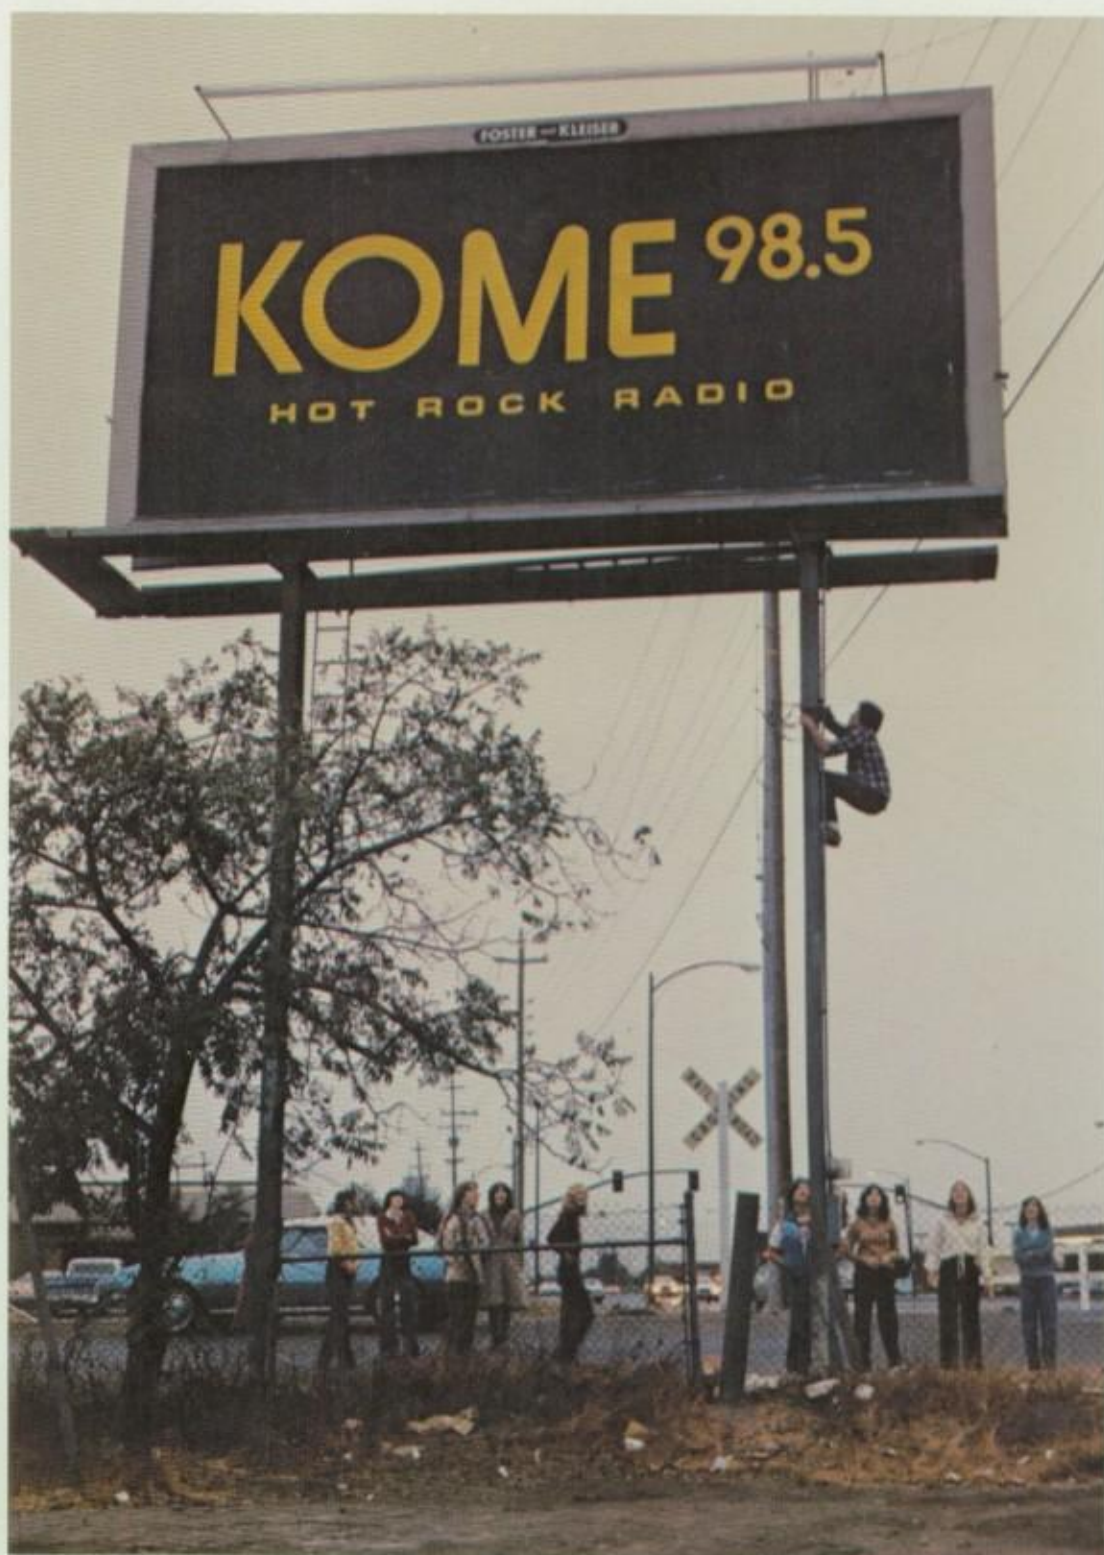

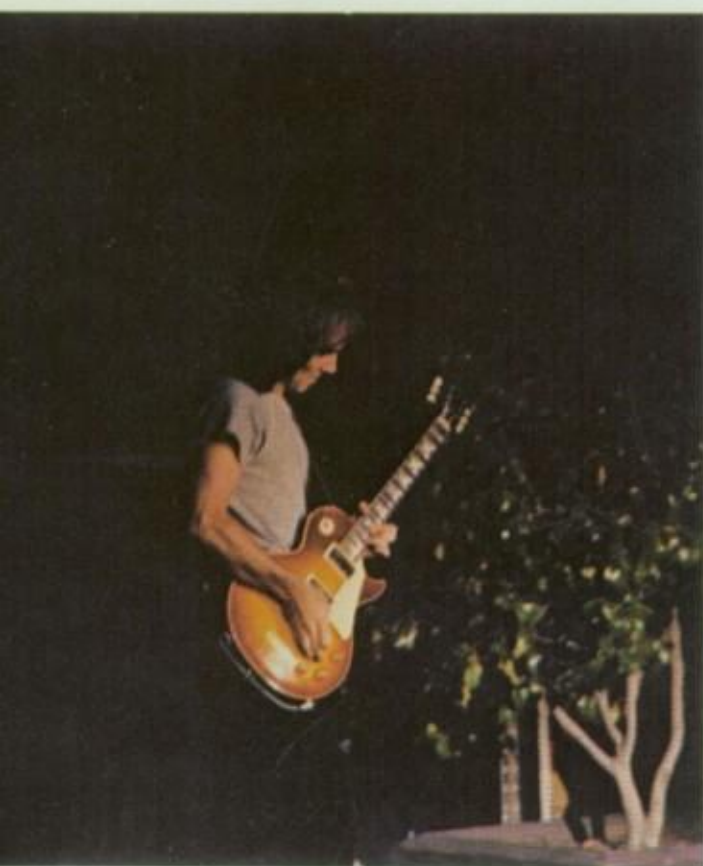

1. Journey 2. Styx 3. AC/DC 4. Boston 5. The Beatles

Favorite Female Recording Artist

1. Barbra Streisand 2. Linda Ronstadt 3. Donna Summers 4. Olivia Newton John 5. Stevie Nicks

Favorite Male Recording Artist

1. Sammy Haagar 2. Eddy Money 3. James Taylor 4. Billy Joel 5. Barry Manilow

KOME is Number One

Climbing a billboard sign at 7:30 a.m. in the pouring rain is one thing Leland Seniors will do to show their liking of KOME radio. KOME, which was voted most popular radio station, plays a variety of rock music. It satisfies all Seniors' taste in music to do your homework by. No AM radio station registered in the top five for the most popular station. Seniors are more into listening to music, not D.J.'s, and the better quality of music being played on FM stations.

DISCO IS DEAD

"Staying Alive" has dropped dead or it was beat to death. Remember, you heard it here first. Most of the class of 1980 will not miss it.

Give the kids a great big hand!

Karen Welch and Tod Morgan were voted the most talented Seniors. .

Karen has had quite a lot of performing experience and training. She's been in 19 plays since she started acting at age 13. She has studied voice, dance and spent 10 weeks with the A.C.T. summer training congress. Karen plans to go to U.C.L.A. and study theater. Tod Morgan got interested in performing when he was 11 years old. Since that time, Tod has been in 20 plays, studied voice and dance and has worked at Marriott's. Tod graduated in January. At that time he tried out at Disneyland. In a few years Tod would like to join the Navy and then return to performing.

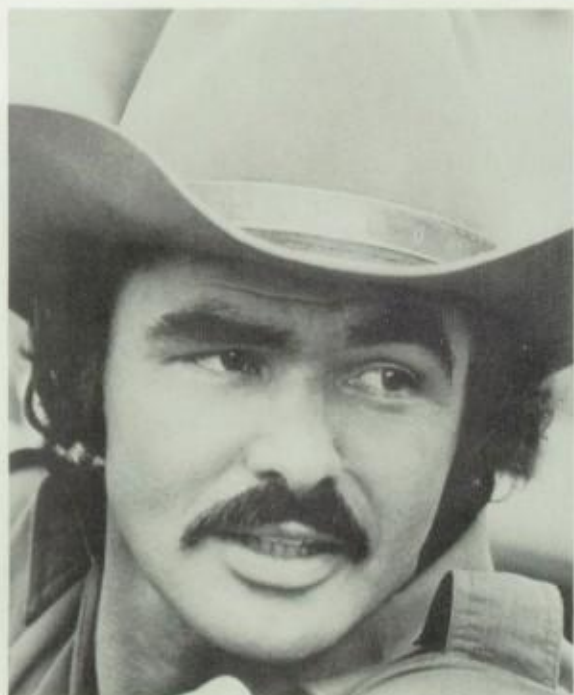

It takes money, honey!

A third of the Senior class does not spend any money on music. The rest of the class spends an average of ten dollars a month for records and tapes. Some seniors spend as much as fifty or more dollars a month to satisfy their music habit, or to be the first on the block with the latest hot album.

Pat Moffitt told us he spent zero dollars as he bootlegs his tapes. Tracy Hardin said she spent a lot, while Dean Hankey said he didn't spend enough.

Eric Wildermuth (pictured here) has one of the largest collections of albums in the class of '80, but then Eric also works in a record store.

Leland **LOVES** Burt and Barbra...

Burt Reynolds

Burt Reynolds was the choice of the Class of '80 for best actor. Beating out Kermit the Frog, Clint Eastwood, John Wayne and Alan Alda.

Barbra Streisand

Barbra is the top vote getter for best actress. The other high vote getters were Jane Fonda, Miss Piggy, Cheryl Ladd and Sally Fields.

Robin Williams

"Mork and Mindy" starring the funny **Robin Williams** was the top television show. Other favorites were "Mash", and "Saturday Night Live".

RATED X

The Senior survey showed that 40% of the seniors had seen what we can call an x-rated movie. Further proof of this found the ever popular **Linda Lovelace** placing 8th in the survey for favorite actress.

The blockbuster film "Star Wars" was voted best picture as it seems everyone has seen it at least once. The film will probably go down in history as the highest money maker of all time. So, may the Force be with you.

The top five films:

1. "Star Wars"
2. "Rocky"
3. "Gone with the Wind"
4. "Animal House"
5. "The Muppet Movie"

BUY KIDS

Ed Barbara and his Furniture U.S.A. pitch was the most "remembered" commercial on Television. His "Hi Kids!" was written in by almost everyone who voted for it. We would like to personally thank **Mr. Barbara** for buying the last page of the yearbook. "Bye Kids!"

ROCKY HORROR SHOW

"Let's do the Time Warp Again."

When the question was asked, "have you seen the Rocky Horror Picture Show", the responses were varied. It is certain that at least 50% of the Senior class has seen the film at least once. It does have a cult following on campus. For example: Sal DiBartolo, Todd Beardsley, Paul Kooman, Daphne Dick, Karen Welch and Karen Kupel have seen it at least ten times. Carol Gross, Tracy Oliver, Steve Moffitt, Colleen Coffery and John Mariani have seen it at least twenty times. Hold on! Keith Malkon not only named Richard (Riff Raff) O'Brien as his favorite actor and Magenta as his favorite actress, but also told us that he has seen it thirty eight or more (no lie) times. Becki Blevins has seen it forty times and Lorraine Dreiske says she has seen it NINETY THREE times.

"Oh no, not meatloaf again tonight."

On the other side of the fence we find Donna Owens saying, "Once, Yuck!" Kim Szeker joining in with, "Once was enough." And yes, that is Tod Morgan and Karen Welch as Frankenfurter and Columbia. That's Show Biz!

The Three Funny Runners-up

Lisa

Sean

Frank

Why isn't this kid laughing?

Mark Wagner was voted the funniest kid in the Senior class.

Lisa Green said, "I would like to thank all the kids who voted for me, but I really think that Sean Burger is the funniest kid in the Senior class."

Sean Burger said, "Thanks Lisa, but the funniest kid has got to be Frank Novicki."

Frank Novicki said, "That is a great compliment coming from you Sean, and in all modesty I will have to agree with you."

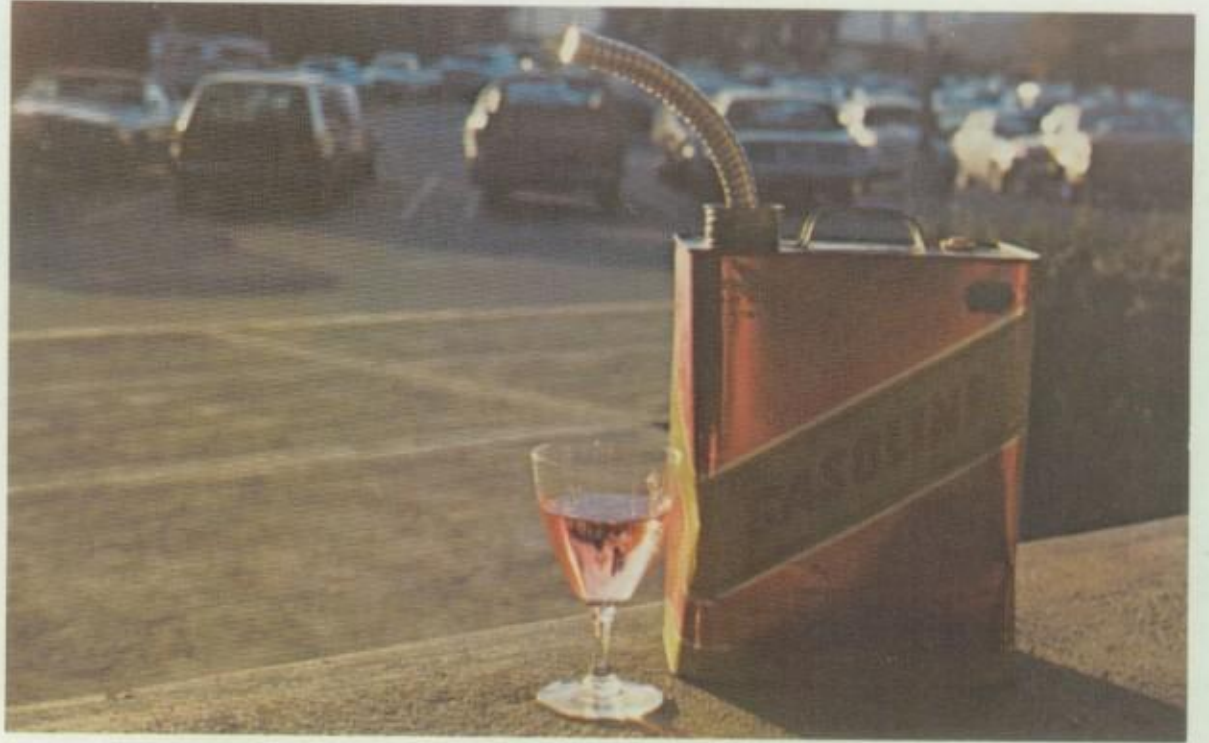

Transportation

Gas Pains

When the Senior Survey first came out, many of the students laughed at our questions concerning the price of gasoline. They had memories of yet another gas crisis, and odd/even had become a way of life. To deny them the right to available gas at a cheap price was a serious problem. Some said, "shoot the Arabs", others took a less violent approach by either stop using gas or stop sending them food. Most of the suggestions were totally impractical. Gas at any price seemed to be the most practical answer, but five dollars for a gallon did not seem outrageous to a few.

Since Kim Mitchell drives her own Porsche 924 and Rick Nazzisi drives both a Shelby and a Boss 302, they claim the titles of Mr. and Mrs. Best Car. Michelle Clawson and Ed Snitz were voted Worst Heaps.

The Class of 1980 gets around...the best way they can!

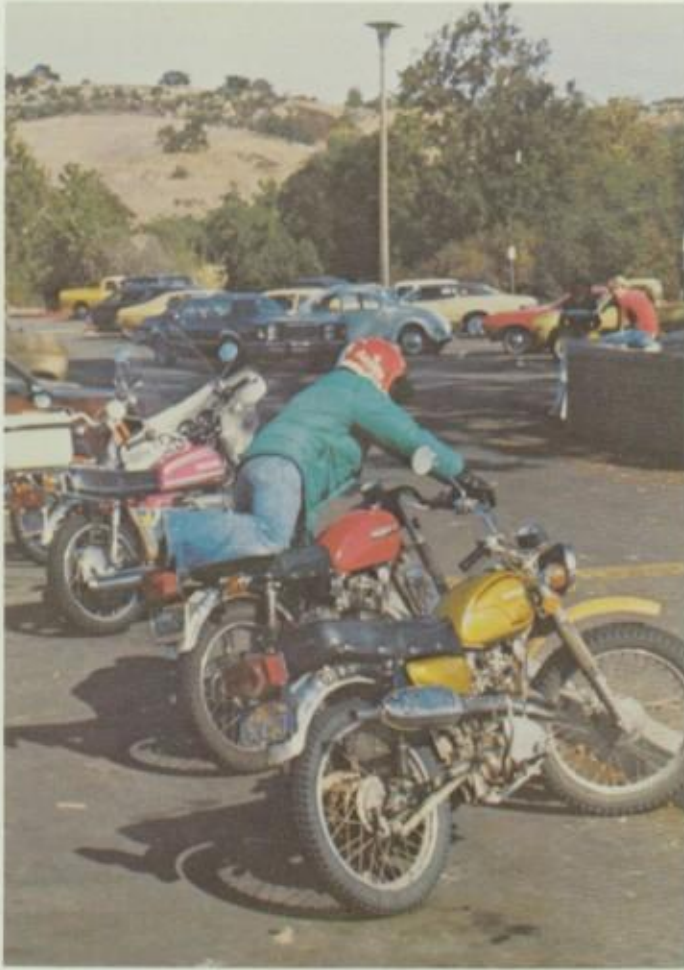

Kim Mitchell and Rich Nazzisi have the hottest cars in the parking lot, and a big gas bill every month.

Ed Snitz and Michelle Clawson drive the biggest heaps, but that's only when they don't konk out on the way to school.

Dear John - I will miss your bright eyes and sweet smile & (that's from a song) and your jokes and your giggle and your constant conversations with Scott and your whines and groans and most of all, your presence. Take care, and Best Wishes

Alternate transportation...

At Leland transportation is crucial. A Substitute English teacher once remarked about the Leland parking lot, "you kids must have a car for each foot!" She was not used to seeing an ocean of windshields shimmering in the sun.

Almost 50 percent of the Seniors at Leland have their own cars, while the other 50 percent have alternate means of travel. Only 19 percent of the Seniors admitted walking to school, others take the bus or hitchhike. One student admitted that he enjoyed hitchhiking as it was free and he met a lot of interesting people.

The types of cars students drive vary. Mustangs are driven by more students than any other car, although V.W. ran a very close second. Some daring parents actually loan their cars to their kids, cross their fingers and hope the car will survive the Leland parking lot. Everyone knows that only a tank can survive the parking lot battlefield.

No matter how you drive or what you drive, transportation will always be a problem. Seniors could roller skate to school, ride a motorcycle or a Ten Speed. We could plant a lawn in the parking lot for Mr. Moreno to cut with his mower.

"What am I a crystal ball?"

The above quote by **Scott Larson** may or may not typify the average senior, but these things we know for sure. About sixty percent of the class hopes to attend college. Why? "Who has ever heard of an engineer who hasn't been to college," said **Ann Sturtz**. "I owe it to myself," said **Alan Hedge**. "To be able to survive in the world," said **Cathy Comstock**. "It's your future," commented **Marie Bello**. Other students cited parental pressure, the need for making bucks, and the fact it may be a necessary evil.

What will life be like? "Exciting," said **Joe Castellano**. "Crowded and more complex," said **Donna Kay**. "Lots of responsibilities," said **Mark Dutrow**. "I'll be more independent," said **Nancy Sperl**. "I don't want to think about it," said **Barbara D'Ardena**.

We asked the class of '80, "What do you really want to be when you grow up?"

Lorraine Dreiske—"On the centerfold of Play-boy."

John Mariani—"The Green Hornet."

Tim Dominick—"Baseball announcer for the S.F. Giants."

Janell Pepping—"I want to have a good life and feel that I'm a good person."

Bill Jones—"My own boss"

Lynn Bauer—"A lawyer."

Doug Powell—"Own surf shop in Santa Cruz."

Larry Stapleton—"An astrophysicist."

Eric Wildermuth—"A Rock Star."

Tiffany Schipper—"A wife and mother."

Sue Taylor—"Happy!!!"

Bascle you little rascal

Best All Around

Ann Schuster and **Bob Stein** were voted the most well rounded kids in the Senior class. That is like being best personality, most likely to succeed, and "the greatest" all rolled into one.

Hell no! We won't go!

IMPORTANT! Would you register for the draft? "No way," said **Stewart Bardin**, **Jim Nolon** and **Gryf Werning**. "No, No, No, No!" said **Eddie Gillis**. "No! Never! Canada here I come," said **Frank Novicki**. "If I had to," said **Mike Fedor**. The kids pictured above said "YES!" **Bob Schubert**, **Phil Gaviano**, **Tracy Oliver**, **Don Nordloff**, **Larry Stapleton**, **Mike Killingsworth**, **Scott Dowling** and **Shelly Crabb**.

Senior Survey

Time marches on!

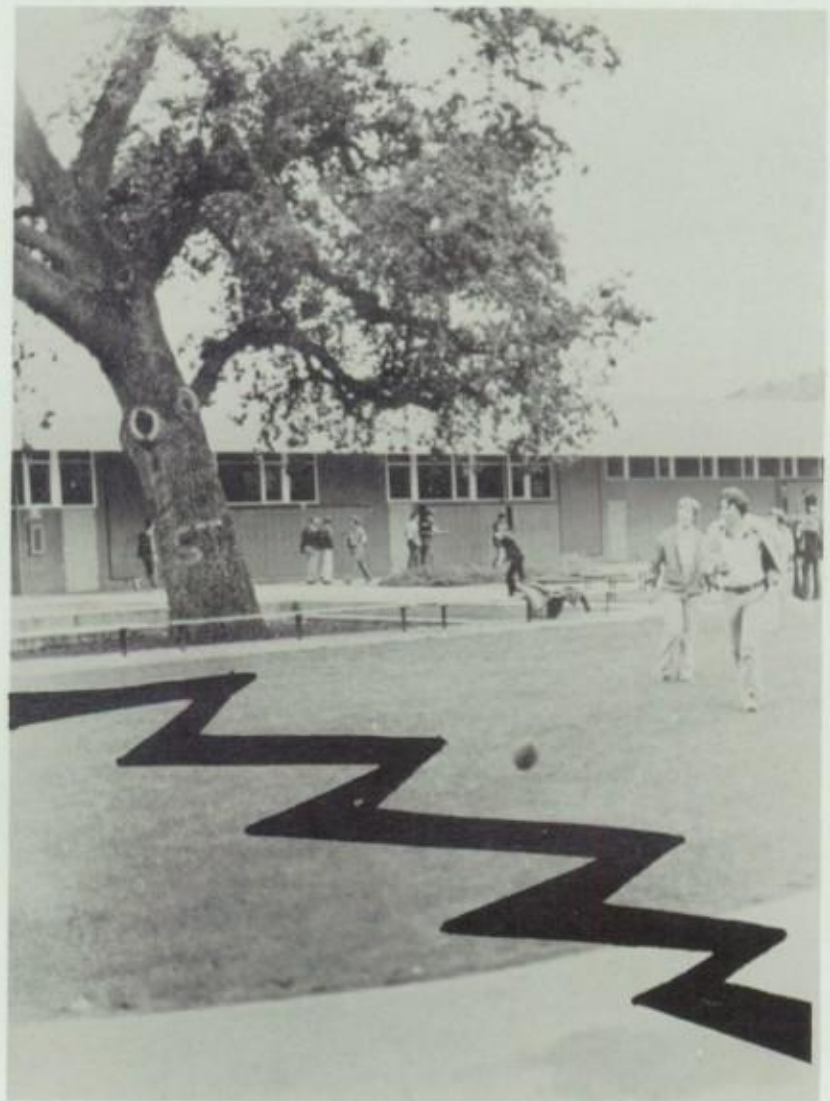

Whatever the future holds for the class of 1980, one thing is certain, by the year 2001 most of the class will be 39 years old. "What do you think you will be doing?" they were asked.

"Dreading 40," said Ann Schuster. "Sitting in a one bedroom home with ten kids and dishes in the sink," said Terri Rowe. "Chauffering Kids," said Laura Cosby. "Hopefully living in Hawaii on some sandy beach," Jasmine Wong told us. "Retired, wealthy, healthy and going strong," bragged Sal Di Bartola. "How do you know the world will ever see 2001," Tim Huffman questioned. No questioning the fact that Dale Spencer and Amy Oden will make terrible looking 39 year olds.

Love and Marriage

"Mama" Michelle Rauchon represents the future housewife and the vast majority of Seniors who plan on marriage and raising two children. The comments on marriage were: Nancy Castro, "As soon as I can afford it." Steve Moffit, "Later, later!" Tina Clements, "Whenever I fall in love with Mr. Right." Michelle Robinson, "When it snows in Tahiti!" Tracy Hardin, Tim Huffman, Donna Owens, Darlene Mazzella, Gina Geher and Ralph Van Pragge have already made plans.

Shake, Rattle and Roll

The seniors were "split" over the question when it came to predicting the big California quake. A few comments: "California will fall into the Pacific and be a new island," said Bob Schubert. "It's inevitable," warned Carol Conklin. "I'll worry about it when it happens," wrote Sally Dalke. "It's possible, but I won't lose sleep over it," said Dale Spencer. "Eventually," said Alan Hedge.

SENIORS
LOOKING
NATURAL!

Six sets of Senior twins. Pictured standing: Robert and Roger Throckmorton, Melissa and Mark Zoeller, Larry and Marie Bello. Seated: Sheryl and Shauna Hunter, Robert and John Seaman. Pictured below: Lisa and Ron Genise.

When you're a twin ...

Being a twin causes some confusion, and has its advantages and disadvantages. Thus spoke our six sets of Senior twins who gathered for these photos and questions.

The disadvantages

The biggest disadvantages cited were getting only half the birthday presents, having to share a lot of things, and who got the car.

Our only identical twins, Sheryl and Shauna Hunter, said they dressed alike as children; and their kindergarten teacher gave them one report card. Their father wanted them raised as "individuals" so they no longer dressed alike and each always got her own report card.

Poor Roger Throckmorton was always being sent for by Mr. Mahaffey when he really wanted to talk to Robert.

Mark Zoeller recalled going to the doctor and in the confusion got two sets of shots. One set of the shots was meant for Melissa.

The advantages

Marie Bello said she and her twin, Larry, had moved seven to nine different times as they were growing up. Having a twin during these times was helpful as you always had someone to ease the transition. However, they have decided enough is enough and they want to make sure they go to different colleges.

Ron and Lisa Genise couldn't think of any serious disadvantages. They summed it up when they told us, "Being a twin is great cause you have a friend for life."

Famous last words ...

We asked, "Give us something to remember you by. We would like to put a quote, comment or your famous last line in the yearbook. What would you like to say?" The following responses from the Senior Questionnaire were selected at random, and more or less represent the thoughts of the Class of 1980.

Todd Buller is a picture of concentration. But what is he concentrating on?

Oh no! You took my picture and I don't even have any nail polish on and my hair isn't brushed and what will my friends say!?"

Rich Stein gives Jim Stillens and Lewis Green intellectual stimulation.

Missy Stanley and Alison Emery have better things to do than play tennis.

Another in the great Campbell family tradition.

"I wish I had my picture next to Todd Buller's!" imagines Tracy Lambert.

Faculty: Keeping Their Affairs Organized
Our Favorite Teacher
The **Real** Mary Jo Wagner
Senior Survey Results

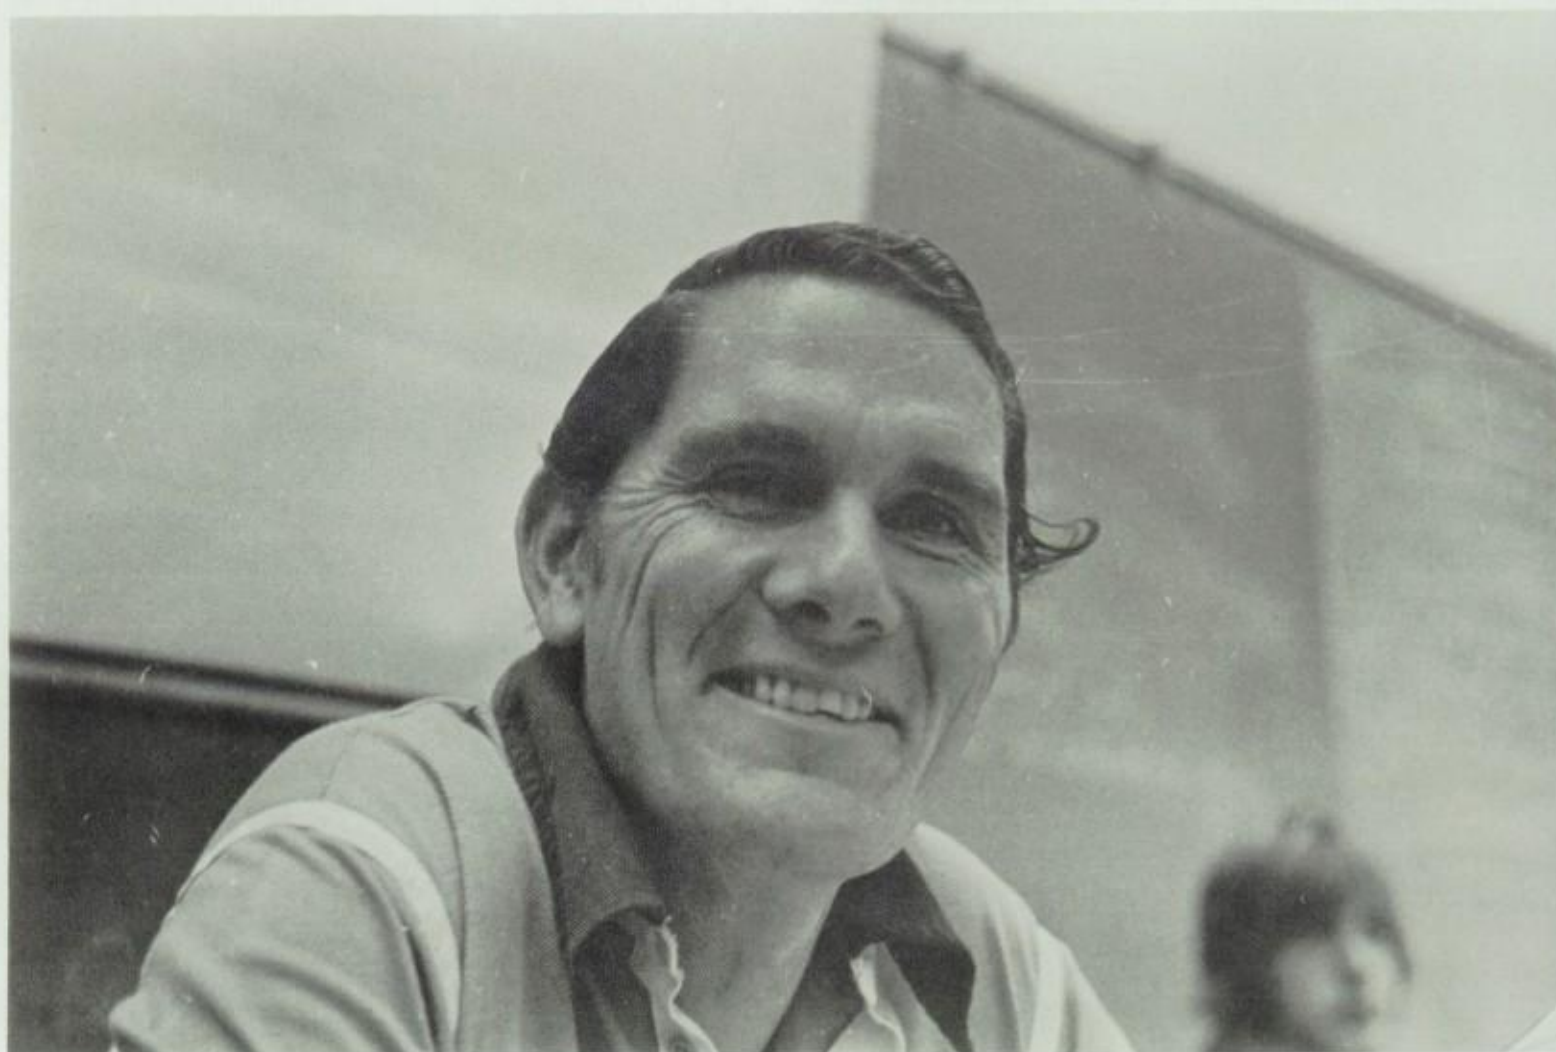

"Not enough freedom" and "It's like we're in Junior High" were typical comments made by students when asked about the '79-'80 class schedule.

Charles Sullivan was voted the most influential teacher at Leland. Although many votes for the most influential teacher were received, only a few comments were written to explain how they were influential. Therefore, it is assumed that Mr. Sullivan won this title by his fairness, charm and ability to relate to students.

The Seniors favorite teacher was Doug Wright. I know this is a let down for the rest of the faculty, but gang, it was a good try. Remember there's always next year.

The teacher who made her students work hardest but made her students learn something was Miss Jeanne Williams. Miss Williams has devised a method of teaching that makes the student learn something without the student thinking, "What a drag!" Miss Williams is always around to re-explain something and to push the student into the world of knowledge.

The question on the senior survey about the efforts of students at Leland received the greatest response. 27 per cent of the students who answered this question "claimed" they worked very hard. 58 per cent of the students who answered this question said they "averaged it out." 3 per cent said they never cracked a book. The size of this last figure is encouraging. The other 12 per cent of the students answered with comments. Some of these comments were: "I started working when it was too late." "I have fun." "What does effort mean?" "My efforts have been exceedingly marginal." Many comments were obscene and therefore deleted.

29 per cent of the students answered "no" and 70 per cent answered "yes" when asked if high school has prepared them for the future. Many students said "not really" or "somewhat" and one student said "kinda."

Alan Hedge and Liz Economy were voted teacher's pet from the Senior Survey. They were also voted most likely to succeed. Other Leland students can learn a lesson from Liz and Alan. Buttering up the teacher does help when it comes time for grades to be given out.

The Real Mary Jo Wagner

Leland has a gourmet cook, a gardener, a novelist, and an owner of an interior design business teaching students how to write.

These aren't four different teachers but the very busy Mrs. Mary Jo Wagner. Mrs. Wagner has many different interests but her favorite seems to be English.

As a member of Leland's original staff, Mrs. Wagner teaches Junior English and Senior College Prep Writing. Mrs. Wagner graduated from Bowling Green State University of Ohio, magna cum laude (with honors) in English, then continued graduate work in such colleges as Stanford, Santa Clara, San Jose State, and UC Berkeley. Mrs. Wagner had a BA and BS in English (that means she knows her prepositional phrases and can tell you exactly where to put your apostrophes.)

In addition to teaching at Leland, Mrs. Wagner subjects herself to even more time teaching at San Jose City College. If she wasn't busy enough, Mrs. Wagner works for the McMillan Publishing Company, New York.

Having been married for 17 years, Mrs. Wagner loves her home life. In her free time she loves to read, cook or garden. Mrs. Wagner loves her two siamese cats and talks to her German Shepard all the time.

Lately Mrs. Wagner has been writing a novel which she hopes will be in print soon.

Mrs. Wagner has many other interests but English is her love . . . but it's just one of the many sides of Mary Jo Wagner

Have you ever noticed the little canvas-topped wicker-soled shoes that many of the women English teachers wear? It seems as though there would be a big pile in the English office for everyone to use. Also, have you ever noticed how the color of the shoes matches the color of their outfit?

The Halloween scene for '79

Halloween has become a very spirited holiday at Leland. Each year it seems more and more students "dress-up" and participate in the Halloween scene. As these photographs suggest when it comes to having a little fun, you have to be spooky, kooky, and it helps to be crazy.

Most Spirited

Jeff Caplan and Lorrie Wentzel are bursting with energy, school spirit and pride. That is why their classmates selected them as the most spirited kids.

School Spirit

"Give me a L ..."

The Senior Survey asked, "School spirit seems to be plagued with apathy. Could you give us a couple of reasons why?" It seemed everyone had something to say on the subject.

Nancy Castro - "Some kids don't really care about who scored the most touchdowns."

Bob Stein - "We're afraid to be proud of our school."

Dean Hankey - "People don't want to stand out."

Lisa Rosenberg - "Because it seems very phony."

Karen Welch - "Because some people carry what they call 'spirit' too far."

Cheryl Smith - "Some appear to be more concerned with their hair - than the game."

Brian Veen - "Cheerleaders uniforms are not revealing enough."

Paul Gowan - "Not enough activities that interest Leland's many varied groups."

Terri Miller - "There are too many spirit girls at Leland and none of the faculty or some of the students don't get involved enough."

Sean Burger - "Administrators are too tight at rallies."

Laura Terhune - "The senior class needs to generate more interest ... you are not born with spirit - it must be encouraged and the seniors should be building it in the other classes ..."

Lisa Braufman - "People are afraid to yell because they think others will stare. If we did it together - it would be great!"

Michelle Clawson - "Everyone is afraid that if they are spirited they will ruin their image."

John Mariani - "School isn't the real world. With everyone trying to get out of here as quickly as possible, why get involved in silly spirit activities."

Lorrie Wentzel - "Some people are too centered on the academic aspects of school and don't wish to waste time with nonsense. Not true however! We only attend high school once."

Dale Spencer - "We know we're the best. We don't need to prove that to ourselves."

Life in the Leland Library

What do Davey Jones, Donny Osmond, Mickey Mouse, and Elvis Presley have in common? They each proudly possess a Leland Library Card. "Please don't print that information," pleaded Leland's librarian, **Edna Sewell**, "it just gives the students the wrong ideas."

Keeping track of some 19,000 books, over 100 magazines, 2 daily newspapers, countless film strips, recorded lectures and micro film keeps Mrs. Sewell and the library staff and assistants busy on any given day.

Check Point Charlie has reduced losses by 65 to 75%, but for the 1978-1979 school year there were a total of 657 missing books. "This represents \$3,360.56 worth of books," said Mrs. Sewell, "but Senior debts recovers most of this loss."

Then there is the Leland Library Overdue Book List which is published two or three times a year. It often runs 12 to 15 pages in length, and gives a good cross section of who is reading what. The Overdue List also lets you know what topics have been picked for History term papers. For example, the January 1980 list has Senior **Cindy Davis** charged with these books:

- A History of Modern France, Vol. I
- A History of Modern France, Vol. II
- The Coming of the French Revolution
- The French Revolution Vol. I and II
- The French Revolution by Pratt
- The French Revolution by Sydenham
- The Old Regime and the French Revolution

Are there any questions concerning Cindy's history term paper topic? Did she get it done on time? Did she return the books and face her fine?

Whatever the reasons for using the library: research, reading a magazine, cramming for an exam or socializing; these photographs by senior **Dale Spencer** show a few quiet moments in the library. That calm and quiet is what Mrs. Sewell hopes to keep in the Leland library.

Super Seniors

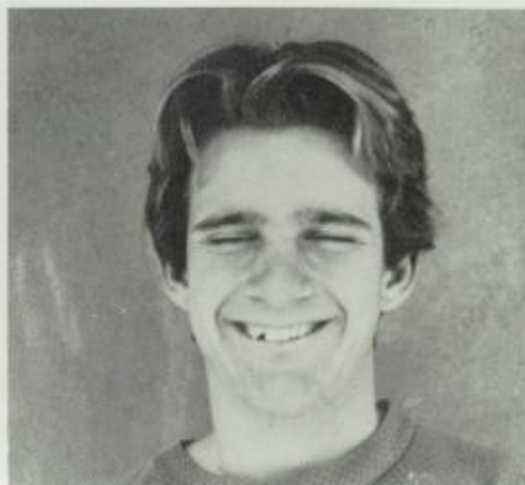

Some people are perky, pretty and popular. They have it made. These "Super Senior" slugs don't have it that good. But, that's Life!

Most Likely To Fail Duane Disraeli and Ellen Rosenberg. The only students in the school who were urged to not take the SAT, Ellen and Duane are shooin' for the unemployment line.

Most Feminine/Masculine Dana Sven and Butch Kowalski. Dana and Butch used to be dance partners until Butch took up womens weightlifting.

Best Smile Paul Swab wore braces for three years but it paid off. Just look at him now!

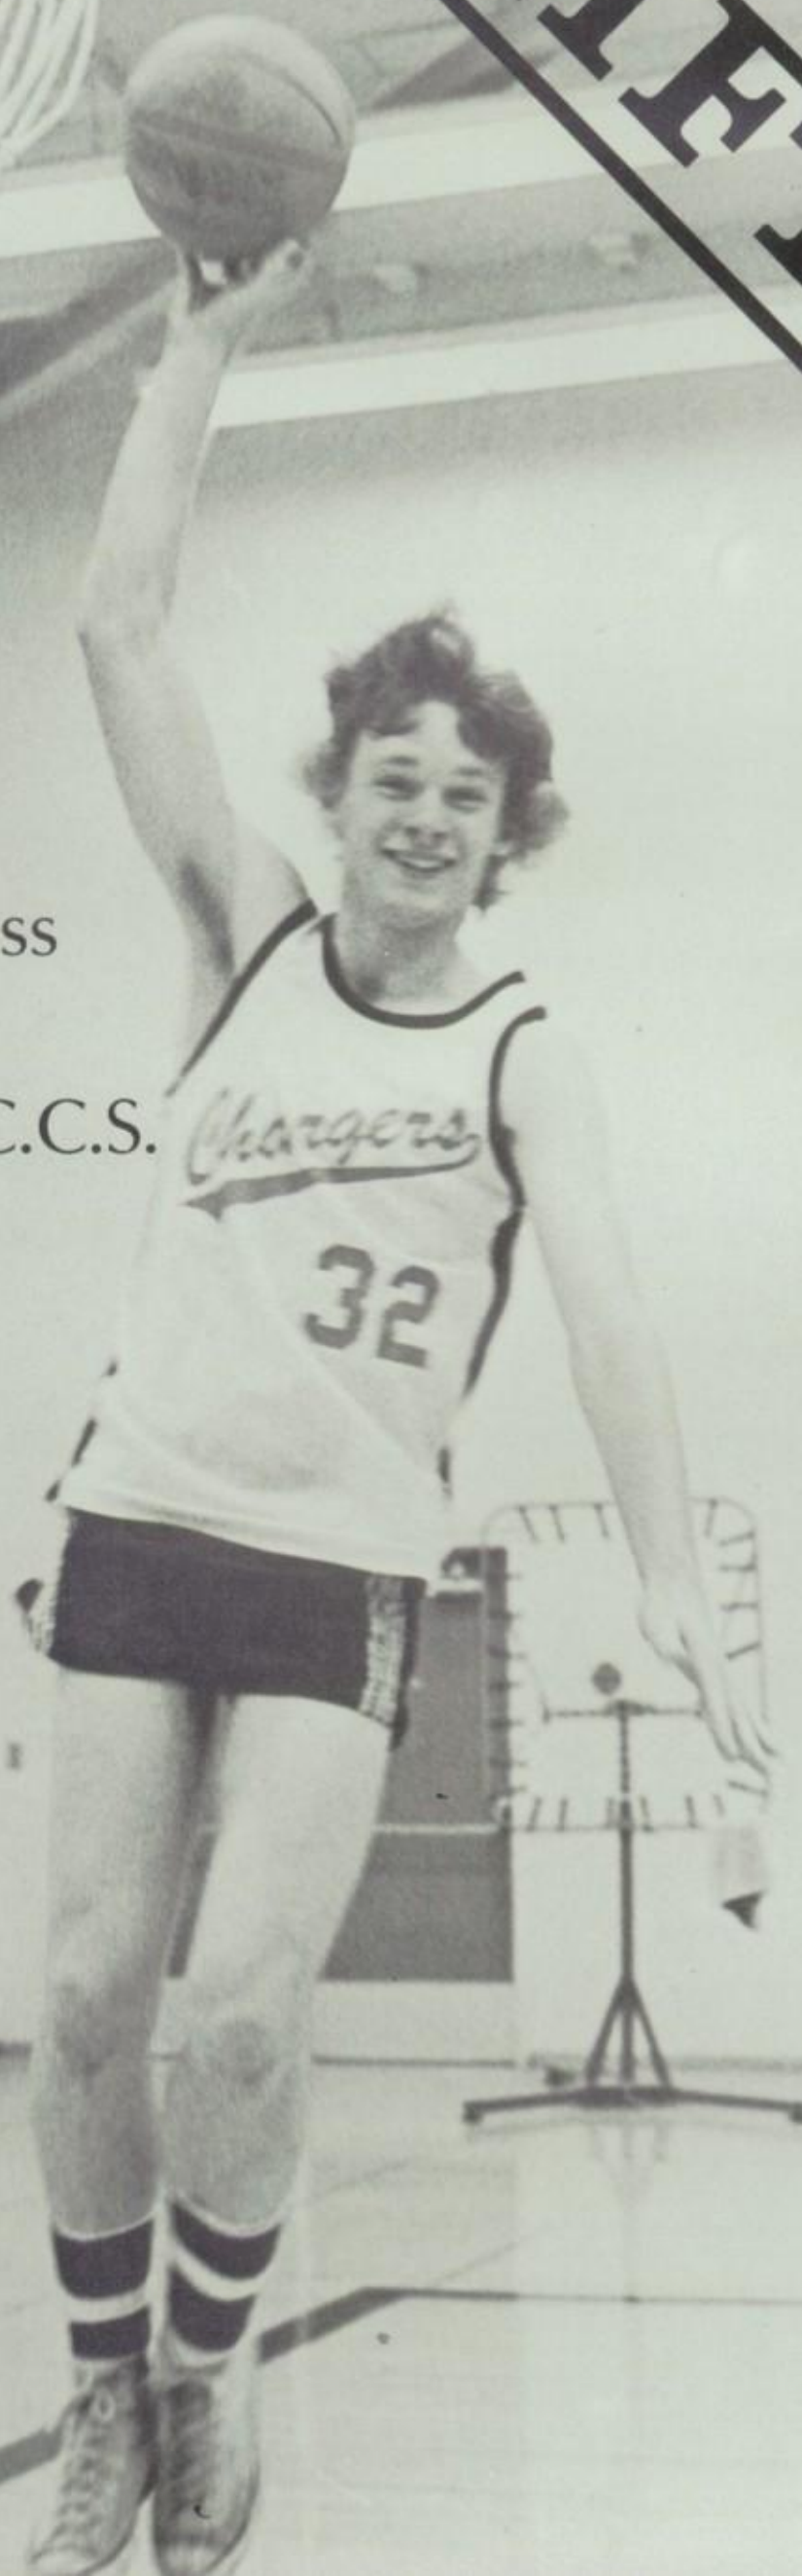

Most Talented Kitty Litter and Reggie Thomas. Kitty strummed her way into our hearts this year and Reg's dog was just as charming.

Class Clowns Dolores Loney and Alphonso Zimbabwe. Dolores and Alphonso spent much of their senior year inventing new jokes. "The old pie-in-the face routine gets boring," says Alphonso.

The Sporting Life

Sports participation is a daily way of life for most Leland Seniors. Getting up before dawn, a full day of classes, practice, and going home after dark are only a small part of the sporting life.

One out of every five seniors are involved in some sort of competitive sport. Whether it be football, golf or baseball, there is a large variety of sports. Track and Cross Country ranked high as sport played by most seniors at sometime while attending Leland. Football, Swimming, Soccer and Baseball were close runners up! Much dedication was shown by these seniors because 109 of them lettered in their respective sports and continued to play year after year.

When asked the question, "Do you consider yourself a jock?", 225 seniors replied that they didn't while a modest few of 33 admitted that they did. However, there were a small confused amount of seniors who were undecided on the subject.

Since sports plays such an important role in the lives of most seniors, the Leland staff asked all seniors the question, "Is too much emphasis placed on sports at Leland?" The great majority of seniors answered no, and in opposition, yes was answered by 48 of all the seniors asked feeling that academics should be important.

Due to budget cutbacks this year, the sports program was curtailed. Students who participate in any of the different sports are not longer given credit. A lot of seniors feel that they should be given credit for putting in all the time and hard work. If sports were to be totally dropped as a school-based activity, there would be a few unhappy seniors, as 90% of the seniors voiced their unhappiness about it saying, "School wouldn't be school any more".

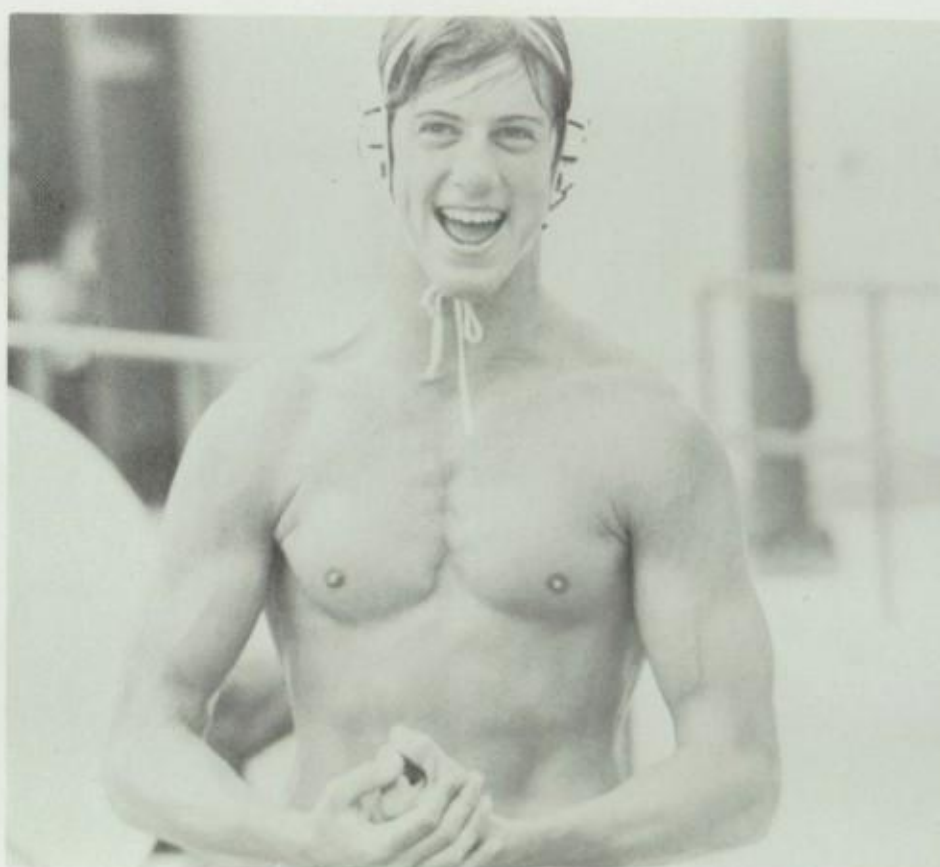

Another part of the sporting "sporting life" for some seniors at Leland is the out of school sports in which some 40% participating in anything from Mountain Climbing to Motocross. Other popular non-Leland sports enjoyed by seniors at Leland are surfing, rollerskating, hiking, fishing, water skiing and snow skiing, which was the most popular receiving 210 votes.

Voted the most all-around athletic girl and guy in the senior class this year were Angel Kellen and Gary Snell. Both have put a lot of time and energy into the "sporting life" and have come up true champions.

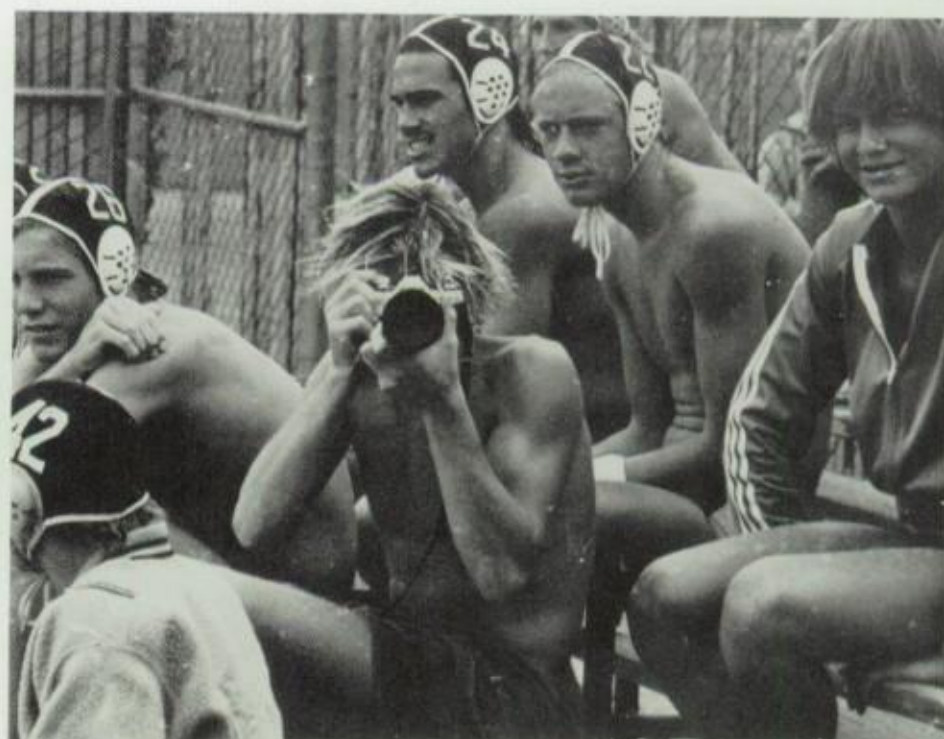

Although these two stand out among other seniors, Gary and Angel aren't the only ones who make Leland sports what they are today. Every single person who participates in some sport or goes to one game or pep rally is a champion and an important part of Leland's winning team.

The Leland Chargers of 1979 finally brought back a winning feeling to the campus. After a mediocre season last year the Charger Football team overcame an early pre-season loss to Saratoga (even with the help of Eddie Gillis's 250 yards passing) to post a 7-3 record this year. After the loss to Saratoga, Leland got together for five consecutive victories.

For what may have been the biggest team in school history, there was a lot to cheer about. Outstanding individual performances like Kenny Glosters 186 yard game against Willow Glen High and Mike Bicandi's 65 yard punt return for a touchdown against Del Mar High, highlighted some of the best games this season.

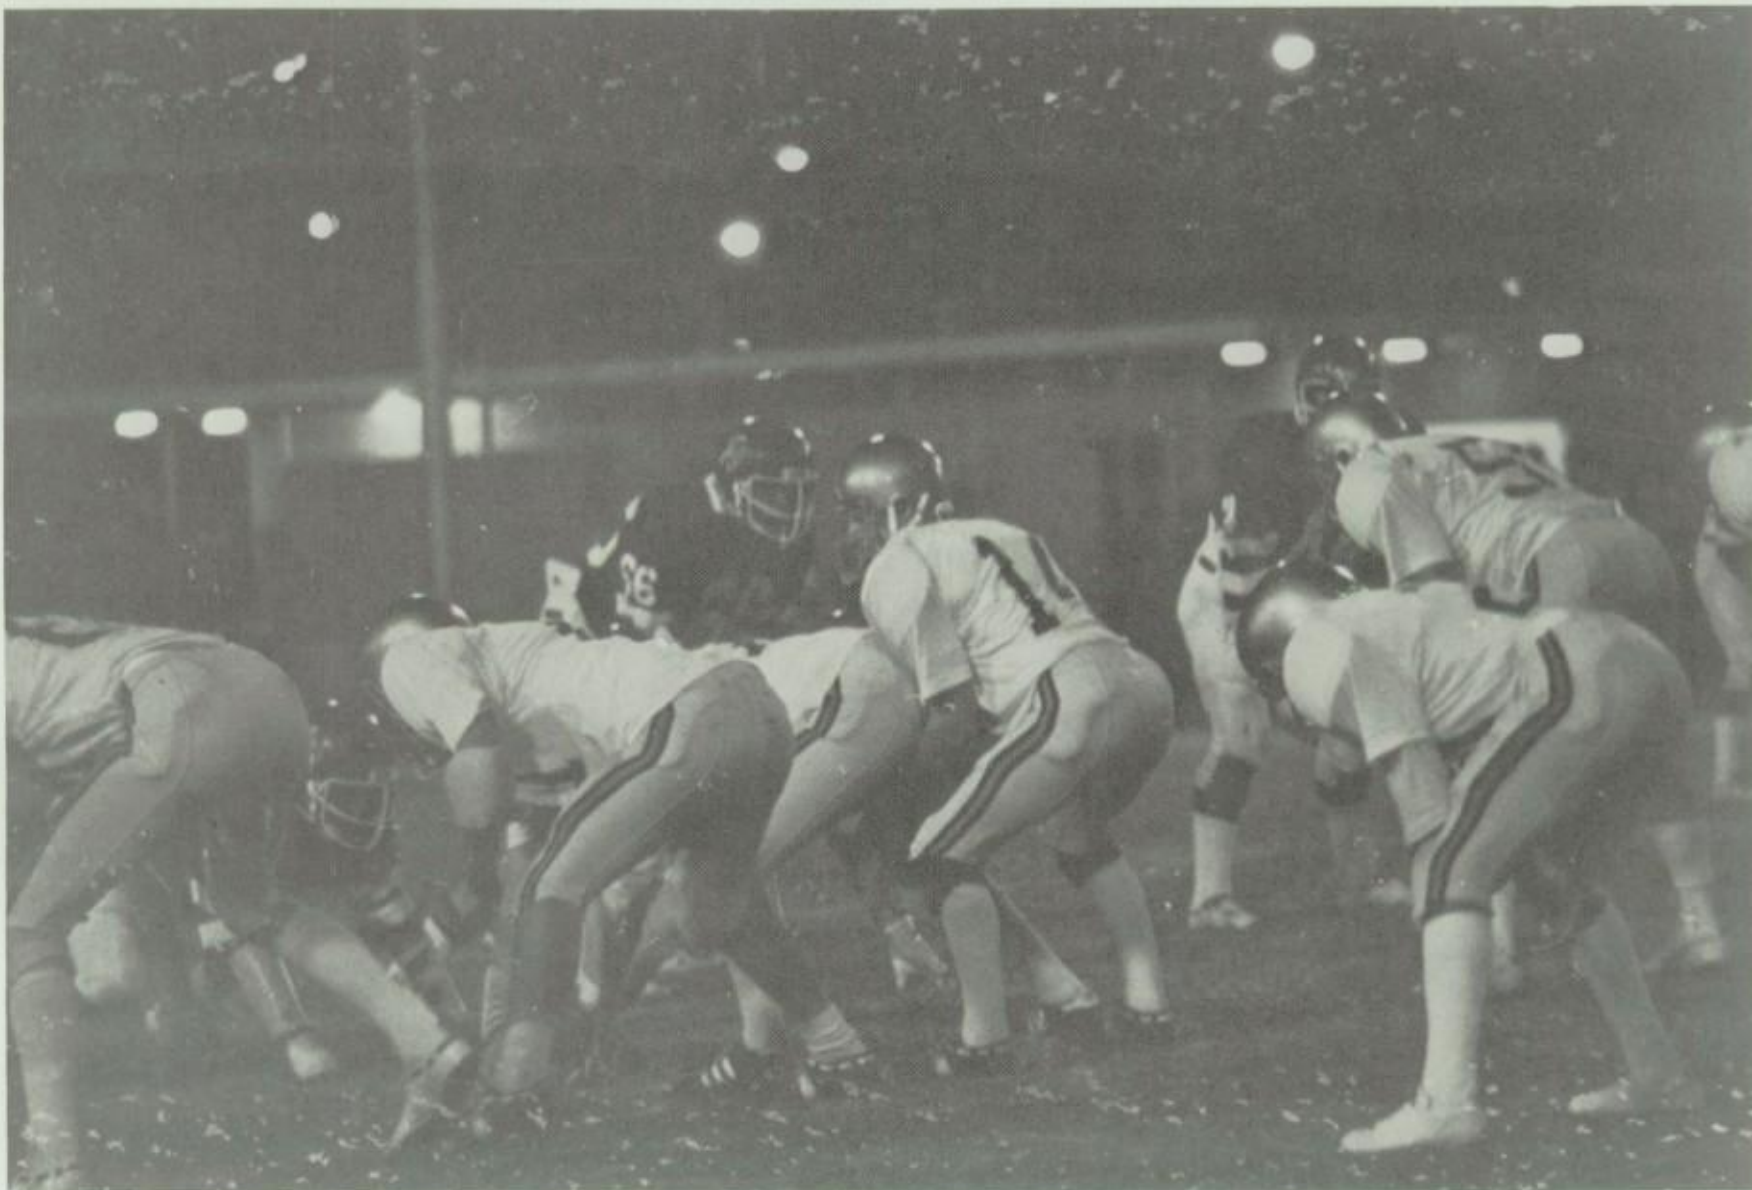

It was team play however that brought the team together even in the tightest moments. Consistant play from everyone helped pull out a couple of come from behind victories. Coach Hannon summed it up stating "We played extremely well all season."

The Chargers finished the season in glamour with a romp over the Gunderson Grizzlies. The victory brought cheers from the amazingly large crowd in attendance. After this game and reflecting back on a season that started in May, the Leland Charger football team played a very satisfying season. A season of ups and downs, but a season where a team had a common direction and goal; a team that stood together and had a lot of class. The varsity Gridders gave everything they had all season long and should be commended for their outstanding play.

Waterpolo first in STAL

A 7-1 league record allowed the Varsity Water Polo team to take first place in the Santa Teresa Athletic League this year as well as a 13th place in the Central Coast Section playoffs.

The team did exceptionally well, due to good coaching, a well run program, team unity and a burning urge to win. A major turning point of the season was the loss to Live Oak where Varsity Coach Doug Wright stated "We just never got our offense together." The most important loss they suffered was in the first round to Santa Teresa and in the second round to Woodside at the C.C.S. playoffs. This ended the Chargers season with a 13th place C.C.S. victory.

The Varsity Water Polo team was led this year by outstanding players such as Greg Yedinak, first team all league Ken Sherman first team all-league. Mike Fuchs made the second team all-league and Charlie Miller was selected honorable mention. Team honors went to Mike Blue, most improved senior, John Boegman most improved junior, Greg Yedinak, most valuable offense, Charlie Miller, Most valuable defense, and Brad Burkhart, best all around player.

Once Again!

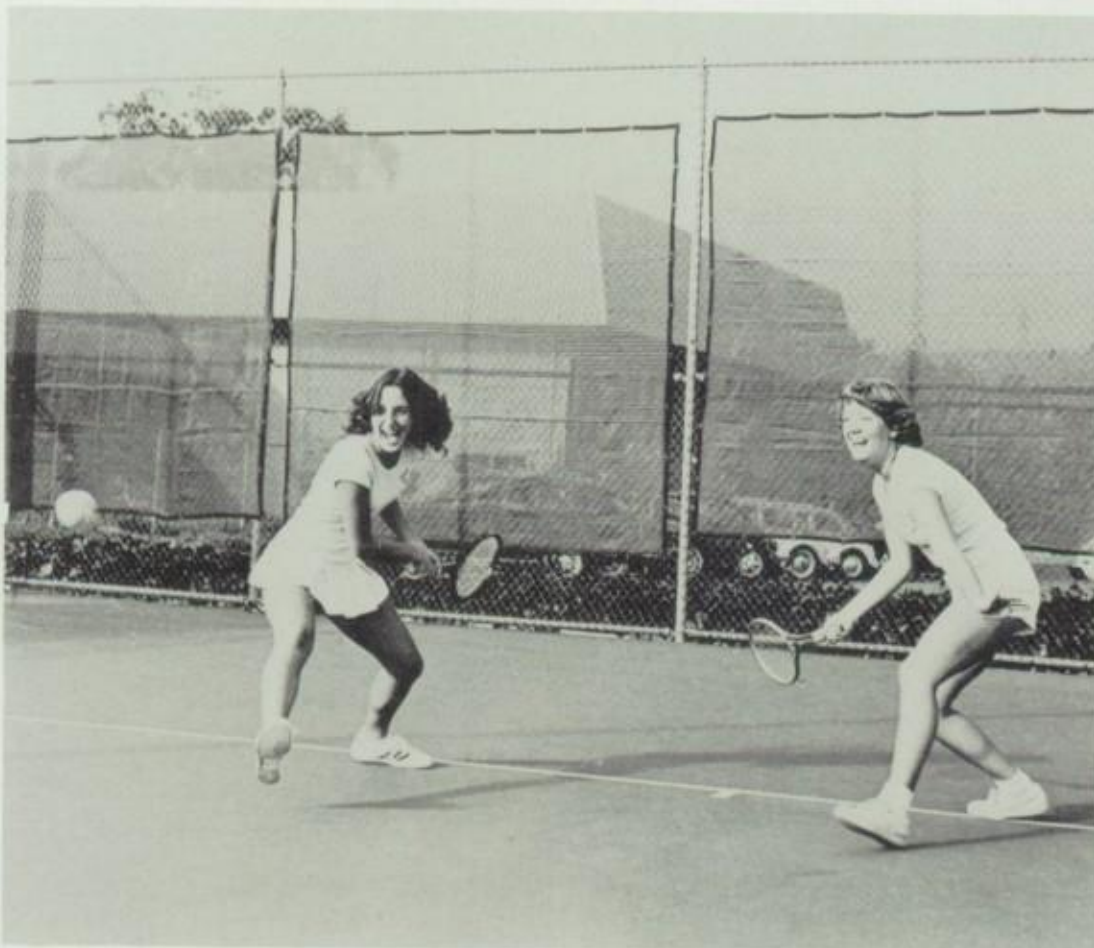

The Leland Varsity Tennis Team had an outstanding season once again this year. Winning league with a 14-0 record they went on to capture the Region III title without losing a single match. The girls all worked very hard with much enthusiasm.

Contributing to their success was the great coaching of Judy McTighe. She seemed to unite the players to create a winning team. Next year losing only three players, the team should go on to have another successful season.

Field Hockey

This year's field hockey team may not have been as successful as in years before, but they showed skill and were very impressive on the field. The team had many sophomores who were new to the game. With this year's juniors and sophomores along with newcomers, Leland can look forward to the success of next year's team.

Special awards were given to the outstanding players. Most Valuable was awarded to senior Vicki Center (Defense) and senior Tracy Oliver (Offense). The Coach's Award was given to senior Brenda Waterloo and Most Improved to sophomore Gretchen Thiesen. This year's All League Players were Tracy Oliver (1st Team) and Vicki Center (2nd Team).

Cross Country

Three's Not Enough

The 1979 men's cross country team came short in numbers but proved good in quality.

Senior Darryl Shelton led the varsity team from the season opener to league finals where he finished eighth. Other varsity runners were Senior Rob Taylor and Junior Scott McIntosh.

Coach Scott McVey had this to say about the varsity team: "They didn't have quite the chance to prove themselves. In order to even win a meet you must have at least five runners who can score. But they did prove, to me, that they were dedicated and had enough guts to come out and run every day even when they knew they had an outside chance to win anything."

When asked about the year, Darryl stated, "If we only had two more placing runners we would have done well in Santa Teresa Athletic League and would have gone to regionals."

Taylor had this to say about the season, "I can only imagine what type of team we would have had with two other runners. I can't say wait till next year because I won't be here. But I do think that track will be promising."

Scott saw the season differently by stating, "It was a pretty good year, and next year will hopefully be better."

Although this year's team did not make it to Region III or C.C.S., they did, however, earn a 2-5 record because Pioneer and San Jose had only four runners themselves.

The highlighted Cross Country runners of the 1979-1980 year were Darryl Shelton and Shelly Crabb. Darryl and Shelly displayed the best times of the field of Leland runners.

Both of these athletes participated in Leland track as well. Darryl was a distance runner running such races as the 880 and the mile. Last year Darryl displayed some fairly impressive times in his events making himself hard to beat. Shelly was also a distance runner.

Girls Team

Coach McVey and team—ready to travel.

The Leland Varsity volleyball team again completed another winning season, lost only three games, and just barely missed going to the Central Coast Section Regional Playoffs.

The squad, formerly coached by Ms. Jana Ham (now head coach of the Gilroy Mustangs) and now coached by Lynn and Randy Hoffand, finished one of their best seasons with an 11-3 record and second place honors in the Santa Teresa Athletic League.

After winning their first five games the Chargers dropped three straight to the likes of Gilroy, Gunderson (eventual league champion), and Live Oak. "There's a strategy in volleyball and one must be aware of how the other team plays, their rotation, strong hitter, etc.," says team captain Janell Pepping. "We tried too hard and just messed up."

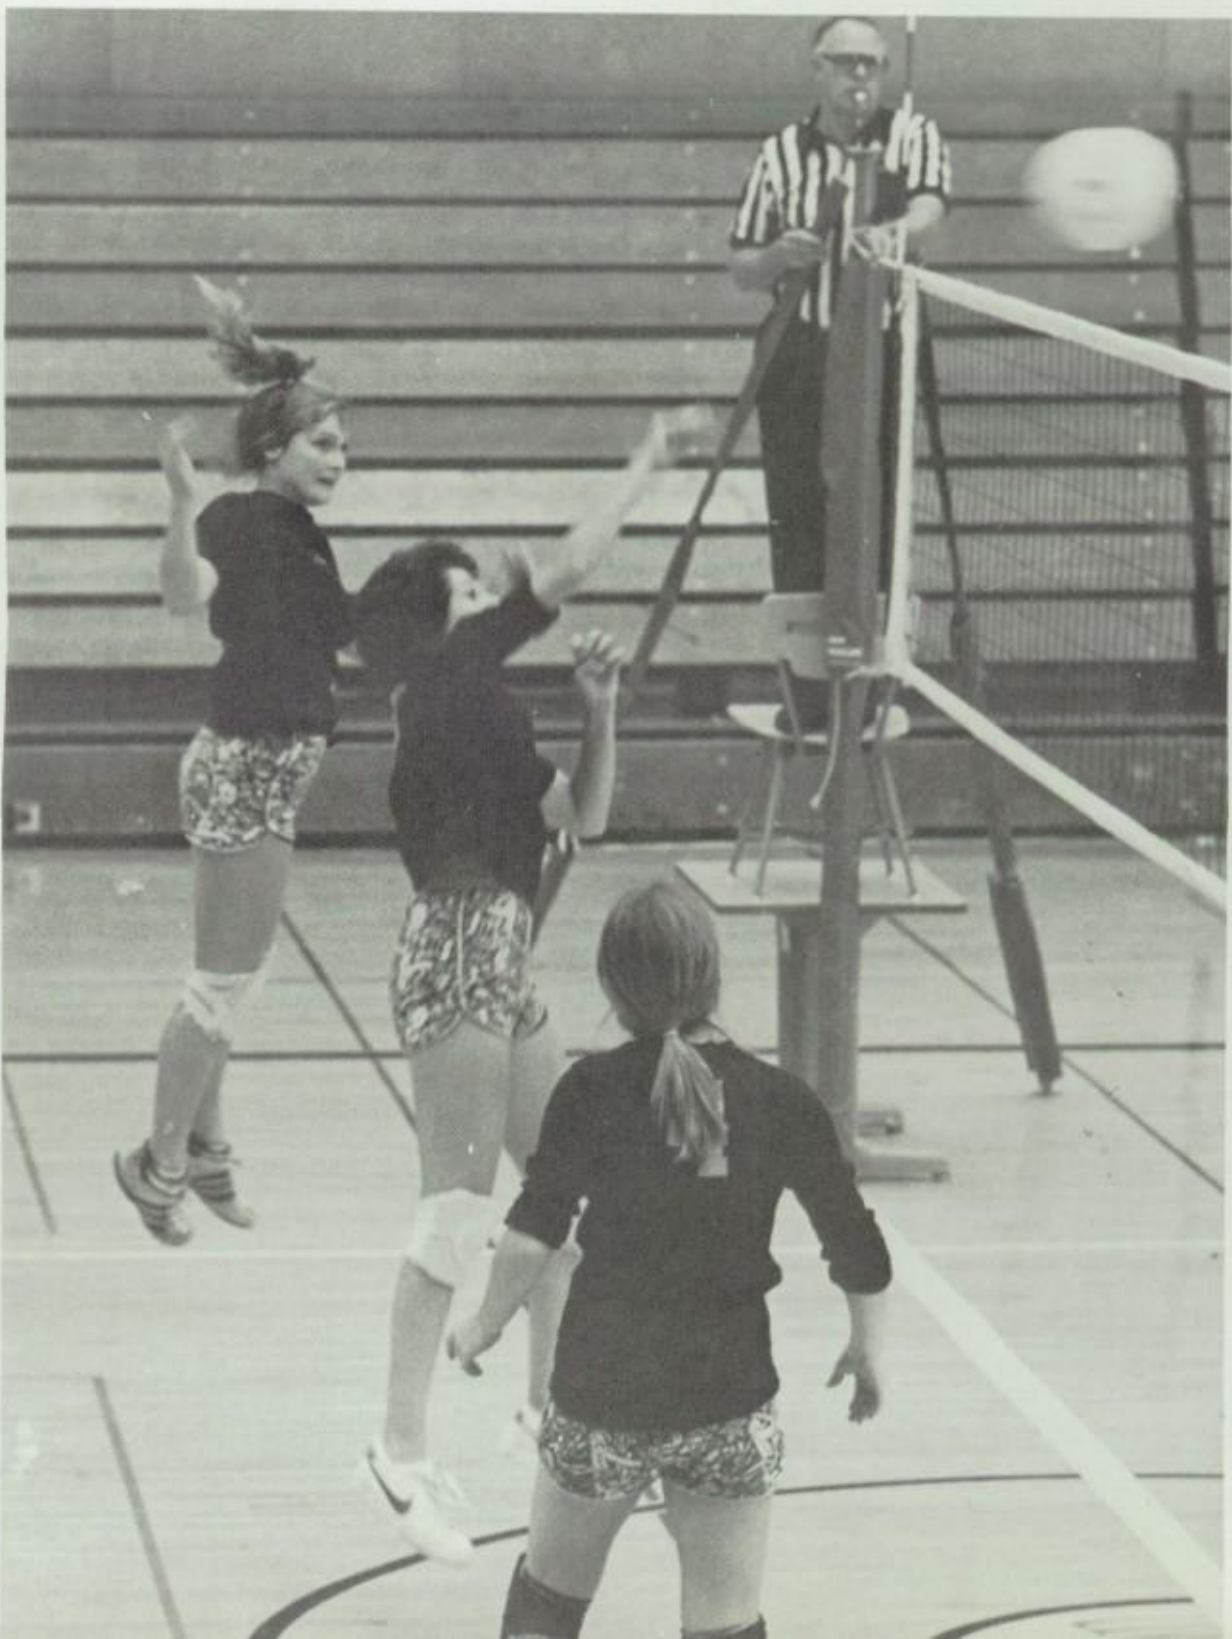

The varsity team was a rugged one which lost only one home game and was constantly diving to the floor to keep the ball in play. As one team member so aptly put it "Our hips were always black and blue. We would wear pads just to protect our bruises."

Rzeszotarski was also a first team all-STAL pick while Andrews, Cloonen and Cory Osterlund were named to the second team.

At a post-season awards banquet players were honored in various categories. Varsity awards went to Seniors Jenny Bean and Janell Pepping for Most Valuable Players, Senior Lynn Bauer (Coaches Award), and Sophomore Betsy Bowers for Most Improved. And in addition to being named Most Valuable, Bean and Pepping were also named to the first team all-STAL.

J.V. honors went to Donna Rzeszotarski for MVP, Karen Szeker for Most Dedicated, Tina Andrews for Most Improved, and the Coaches Award went to Karen Cloonen.

By Joe Castellano

It was an up and down and sometimes disappointing season for Leland Varsity basketball this year, but there was great spirit and fan support through it all.

This year's basketball team was one which gave 100% and never gave up throughout the whole year. Their 8 and 6 league record and deceiving 12 and 13 overall record still got the Chargers into the S.T.A.L. Shaunessy playoffs.

Winning is something Leland has just taken for granted during the past two years. Last year's team finished third in the CCS with a 25 and 7 overall record. This year Leland started off shaky in the preseason, but revived themselves to gain a 3 and 0 record at the beginning of the STAL season.

Leland had some close games during the season. One came in a double overtime win over Lincoln and another last seconds loss to Willow Glen at Leland 45 to 42. The Chargers then lost to San Jose but came back with three straight victories over Pioneer, Live Oak, and Gilroy. This was the high point of the Chargers season having their best percentage they would have the rest of the year with a record of 6 and 2.

Leland then took a pitfall and lost four straight games. The first loss came in a wild game at Gunderson, with a 47 to 46 game.

Leland then lost their composure and got blown out by Lincoln and Willow Glen and they were edged at Leland by San Jose 60-56. Playoff hopes were disintegrating for Leland, but the Chargers finished strong with a lopsided decision over Pioneer and the league finished a 69 to 42 shellacking of Live Oak.

The Shaunessy Playoffs were only one game long for Leland, losing to powerful Willow Glen 64 to 48 at San Jose City College. For Juniors Jim Stewart, John Murray, Karl Conroy, Nate Whitham, Dave Fahrney and Jef Pitts, it's "Wait till next year", which should be a correct quote for Leland. Next year's varsity should be tough with experienced seniors and quality juniors from this year's first place finishing Sophomore team.

Wrestling A Winning '80 Season

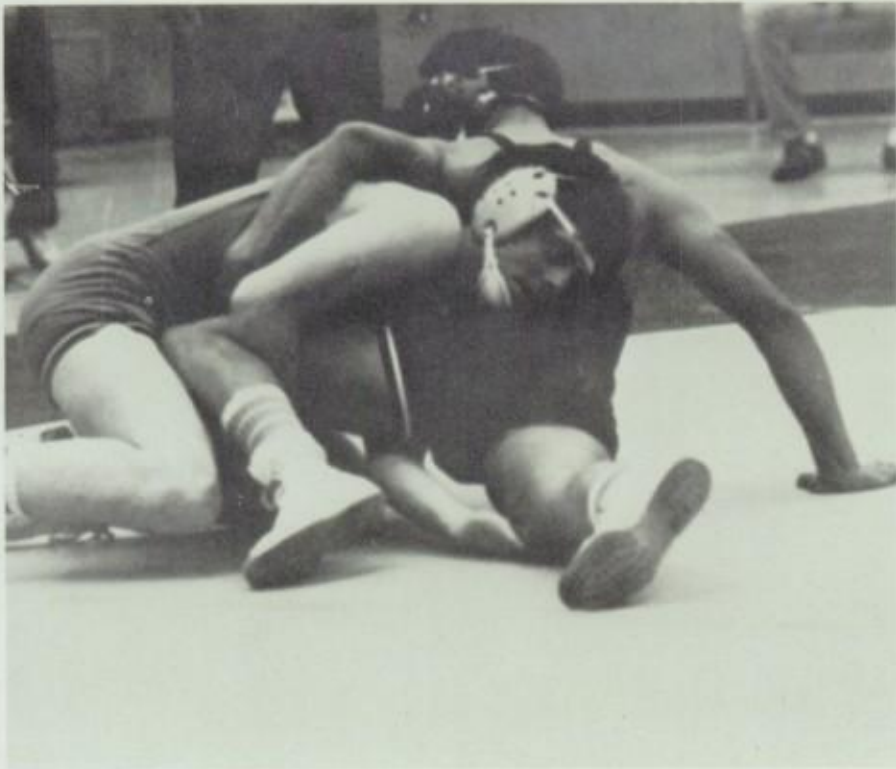

Leland wrestling had another winning season with the Varsity team setting a 4-3 record. The Junior Varsity captured the J.V. league title. During the year the Varsity wrestled in three tournaments. They placed third in the Samuel Ayer, and also placed at Monte Vista. They had an outstanding dual meet against Live Oak, beating the Acorns 34-30. The Varsity took fourth in the Region III Tournament, and also qualified six wrestlers: Mark Kocina, Ken Brison, Jeff Gill, Kirk Foo, Dave Cowel, and Kevin Bowron. Mark Kocina, an outstanding Junior, also qualified for the California State Championships. Mark's record is 30-4; while taking a first at Samuel Ayer, second at Monte Vista, first in League, first in Region III, and he placed fourth in the Central Coast Section.

The Junior Varsity had a great season, as they were undefeated in League. There were many outstanding wrestlers for the J.V.'s including two Castillero Jr. High wrestlers: Tommy Foo and John Angelari.

The girls Varsity Soccer team had a 12-2 record beating every team in the league except Willow Glen.

Coach Ron Krumbach said the team did really well, there was a lot of cooperation and hard work. "They are skilled players, they don't just play kick ball like most other teams," said Krumbach. Krumbach had some comments about a few of the players- 'Cyd Reuter was very aggressive and not a selfish player. Diane Caldwell was very impressive for her first year playing. She was an excellent goalie."

Jeanne Boudreau was the leading scorer of the team with 12 goals, followed Closely by Cyd Reuter, who had 11.

Soccer Shares Title

The Leland boys' soccer team ended its season with a stunning upset loss to Mt. Hamilton league champion, Independence, in two overtime and three sudden death periods.

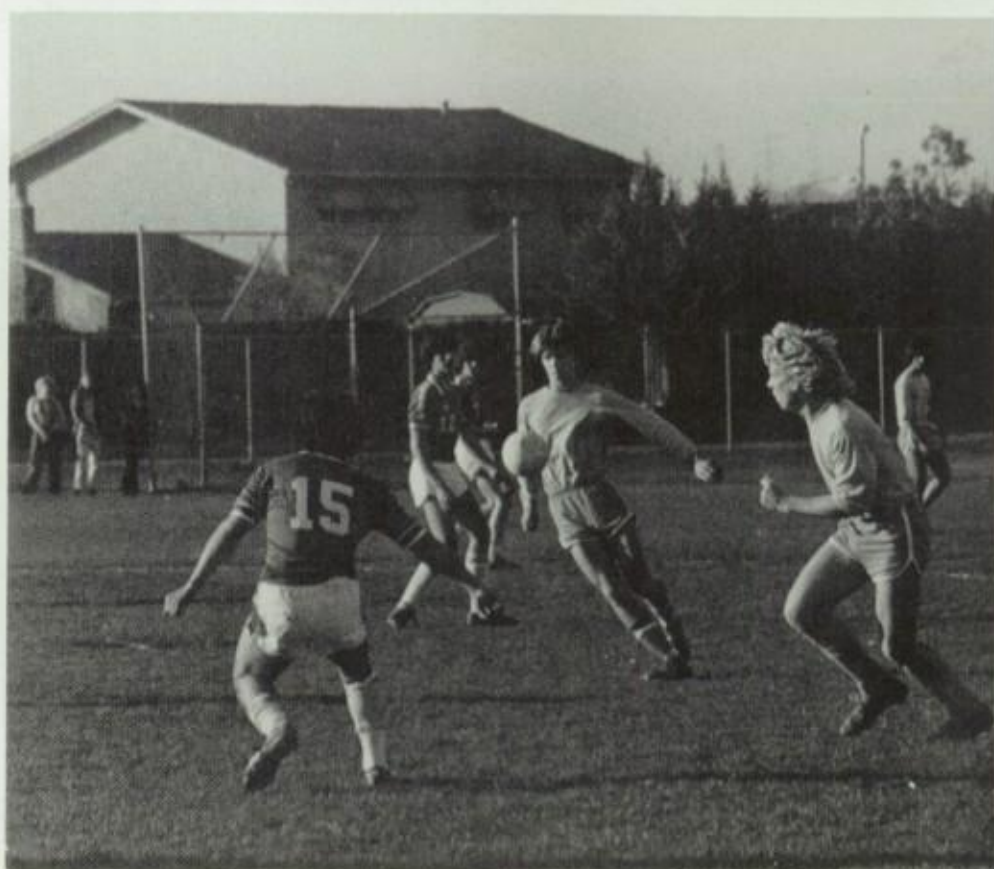

The farce came during the first round at the single elimination regional playoffs. The Chargers dominated the second half, spending nearly all of the last overtime period in front of their opponent's goal. The Independence goalie was a key factor in the loss as he seemed to "come from nowhere" to stop the Chargers' attack.

Leland was forced to play with an ailing forward in Senior Eric Van Rhee who was recovering from an ankle injury somewhat slowly. And also without starting halfback, Sophomore Scott Klepfer.

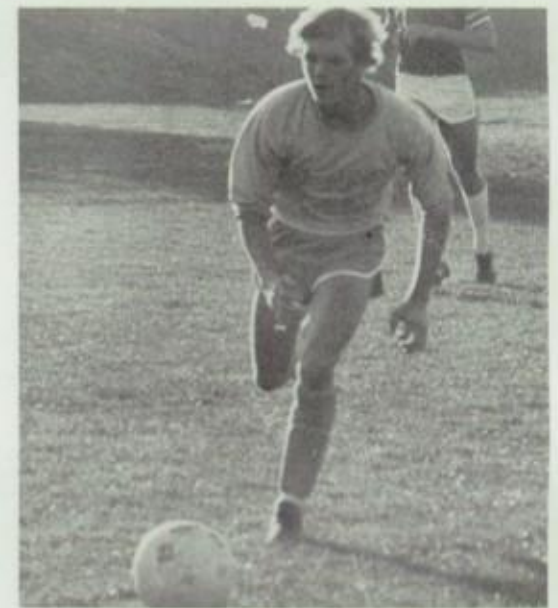

The members of the squad were faced with another disappointment after their elimination from the playoffs. San Jose High School (the previous second place in league and in wild card playoff team) protested Leland's league championship clinching game with Gunderson due to scheduling error and win, thus leaving San Jose and Leland as co-champions of the Santa Teresa Athletic League.

The team, after a shakey start, had a very successful season, suffering only loss of one tie in league competition to San Jose and Gunderson, respectively. The young Chargers played well when they had to winning most of their games by one or two goals.

Having held the league championship for four years running, Leland should be respected as a power in the STAL.

Eric VanRhee is drafted

While most people are fearing the possibility of being drafted, Senior Eric Van Rhee has already been drafted, and he is even happy about it.

Van Rhee was the first pick in the American Soccer League draft. This was the first time that a high school student has been picked first. Van Rhee was chosen by the newly-formed Golden Gate Gales over all the rest of the college and high school players in America. Besides being drafted by the Gales Eric is being looked at by the San Jose Earthquakes, San Diego State and San Jose State Universities. Nobody has talked money yet and Van Rhee is likewise undecided. He said, "I haven't made any commitments because I want to see what is offered."

Born of Dutch Parents, Van Rhee has been surrounded by soccer all his life. Since the age of four, Eric has played in several soccer leagues in California. Before coming to San Jose Eric lived in and played soccer in Southern California.

Gymnastics

Every Spring the Leland mini-Gym is transformed into a jungle of balance beams, uneven parallel bars and vaulting horses. Thriving in relative obscurity, the gymnastics team has become the perennial champions of the Santa Teresa Athletic League competition. The team almost always wins the league championships. This year the Leland Gymnasts trained harder for a longer 15 weeks schedule. The team has a new, experienced coach in Mike Turpin. The team consists of one senior Zoe Davis, who returned this year. Others returning this year are Felicia Chaing, Kate Lepow, Vickie Varchal and others. Juniors Felicia Chaing won the all around competition in a meet against Saratoga. Most of the Leland meets will be held at home because of the excellent facilities. Strong talent, a new coach whom the athletes are excited about, and a great tradition are all indications which point to a banner year for Leland Gymnastics.

UNFORGETTABLE?

Out of the many and varied groups of people in the Senior class, these two seem to stand out in a crowd. That explains why their classmates selected them in the Senior Survey as the most unforgettable. That is Mr. Whatshisname and Ms. Whatsherface standing out in the crowd. They are better known as **Ken Jensen** and **Ann Steimle**.

"Normal Teenagers"

The normal teenagers of Leland High gather on the steps at lunch time to act normal.

"Typical Teenager"

Sharyl Corely, typical teenager, is half asleep while studying for a test. This is a typical and commonly seen expression in the library and classroom.

Senior Survey

The Wall - Laura Schnider, Michelle Clawson, Terri Miller, Dianna Pinch and Jan Cotten at the wall hang out. They are "just another brick in the wall" considering the time they've spent there.

A Rally - The rallies are the biggest group gathering activities on the Leland campus. The Spirit Staff plays to overflowing and enthusiastic crowds in the gym.

GROUPS

Seniors prefer not to identify with any particular group according to the responses from the Senior Survey. The largest percentages of Seniors answered the question, "To what basic group do you belong?" with the answer "none". The second most frequent response was "jocks". Some Seniors found the groups and choices too limited on the survey. They added their own comments and names for the group they identified with

...

- Scott DiBartolo - "Bitchen Bunch"
- Cindy Parish - "Intellectually advanced"
- Rich Egelston - "Bums"
- Steve Nelson - "Nerds"
- Sue Brenny - "Normal People"
- D. Wheelwright - "Car buffs"
- Liz Engles - "Hell raisers"
- Laura Terhune - "Christians"
- Teresa Brooks - "The working class"

Most Leland seniors describe themselves as "typical teenagers". Other seniors had their own phrases which they felt better described themselves ...

- Michele Mock - "A satisfied teenager"
- Paul Gowan - "An intelligent, Christian athlete"
- Karen Welch - "a Crazy"
- Pat Moffett - "Philosophical"
- Diana Nigh - "my own person"
- Frank Novicki - "A normal kind of guy"
- Orlando Vasquez - "your typical, intellectual, lonely, burnout, jock"
- Annika Campbell - "haftig swede"
- Julia Tanner - "a happy person"
- Marie Pettis - "a young adult"
- Doug Seandel - "bum"
- Scott Dowling - "red"
- Mike Grow - "a liberal intellect"
- Brad McCardell - "a regular person"

Whatever group seniors preferred, the most popular place to "hang out" was "the wall". The second most popular spot was "the quad" while some even admitted they hung out in classrooms. These students told us where they "hung out" ...

- Walt Spiegel - "Bitchen lockers"
- Kevin Parker - "all around"
- Janell Pepping - "I don't hang out"
- Amy McIntyre - "Spaced out"
- Diana Mills - "there's no time to hang out"

Keep in touch

This year here as foreign exchange students at Leland has been a worthwhile experience, though a lot different than we expected. In the beginning it was hard to get to know people, but now we have many great friends. Being away from friends and places we know has made us appreciate them more. At the same time we have made a new home- we will always feel attached to San Jose and the friendly people we've met. It's hard to write something that expresses fully what a year like this means, there is nothing glamorous about it. Instead we will just give a "Thanks" to all those who have made us feel really at home. Keep in Touch.

Editing a newspaper with Frank is an experience I wish on no one. You have to suffer verbal abuse and sophomoric rhetoric constantly. Then there is the threat of a physical attack (sample to right). Correcting spelling errors, cleaning up the language and deciphering all of the sexual overtones keeps a girl on her toes.

Would I do it all again? Sure; working on the paper with a great staff was a thrill. What would I do different? I'd shoot Frank early in the year!

By Laura Cosby

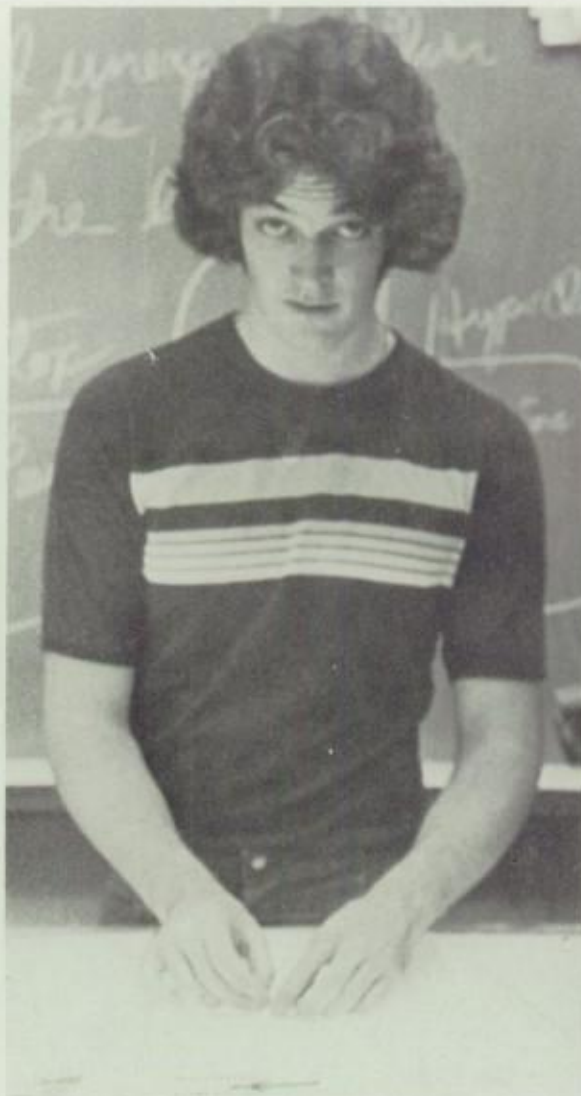

Well, this certainly is a fitting way to say goodbye to Leland. Here is Laura Cosby, my co-editor-in-chief for the last ten months, clearly attacking me in this adjoining picture. I guess she can't hold it back any longer.

As sports editor during my junior year, I had very little chance to get in on all the controversial happenings of the Charger Account. But I wanted to be in the fire so I set my sights becoming editor so that I could stake my claim in the exposing of wrong doings in our society.

Obviously I fell short of my goal because nothing's changed. But we all had some fun along the way, didn't we?

To the memory of Jeff Johnson

Johnny,

You and I have grown to be good friends. At first I would have liked for it to grow into more, but now I think just having you as such a good friend is enough. I hope you go far in your water polo, and maybe someday I'll see you in your sexy speedo. You are a total cutey and your personality is tops! Good luck always with Grace and whatever. Hope you'll keep in touch this summer.

All my dearest love.

Michelle^Q
